By Mr. Bartlett:

April 23, 1915.

Honorable Alfred L. Bartlett, Richmond P. Benton, Harry A. Chamberlin, George W. Downing, Howard J. Fish, L. L. Lostutter, Chas. W. Lyon, Jas. S. McKnight, Frank H. Mouser, Peter C. Phillips, Jos. A. Rominger, Chas. E. Scott, Lewis A. Spengler, Harry A. Wishard, and Henry W. Wright, Assemblymen (Los Angeles County), Sacramento, California.

GENTLEMEN: We, the undersigned, employees of the electric railway companies and residents of Los Angeles County, ask you to protect the industry through which we gain our living by passing the bills now before you providing for the taxation of automobiles engaged as public utilities in competition with the electric railways and giving power to counties and municipalities to regulate these automobiles by the granting of franchises.

The proposed tax of \$12.50 per passenger seat is but a small part of the gross revenue of the automobiles compared with that part of the gross revenues now paid in taxes to the state per passenger seat by the electric railways.

The electric railways are subject to state, county and municipal regulation and must secure franchises.

It is little enough in fairness to ask that automobiles operating in competition with them be required to obtain franchises.

If the electric railways, under the unfair competition of automobiles, compared with the railroads practically untaxed and unregulated, not only have to stop extending their service but must abandon lines and reduce the service now given, the communities served, the owners of the railroads and the employees must suffer.

Inasmuch as the largest single expenditure of the electric railways is for wages and, directly and indirectly, the largest part of its revenue goes to the payment of wages, we, as employees, have an important and direct interest in this matter most vital to us.

We, therefore, in behalf of the electric railway employees of Los Angeles County, larger in number than in any other single industry in this county, respectfully and earnestly urge you to vote for these bills

MAURICE B. MADDEN, and 2845 others.

By Mr. Prendergast:

SAN FRANCISCO, CALIFORNIA, April 24, 1915.

To the Assembly of the State of California:

The Pacific Coast Defense League, an organization composed of prominent citizens of all the Coast states, desires to go on record as strongly in favor of the Assembly resolution now before your honorable body calling for the purchase by the State of the frigate "Independence." The vessel never should go into private hands, should be preserved for patriotic motives and, as the federal government evidently cares nothing for the preservation of the vessel, the State of California, under the circumstances, is the logical body to take over the frigate.

Very respectfully,

PACIFIC COAST DEFENSE LEAGUE
C. H. BAILEY, Secretary

By Mr. Wright, T. M.:

For the fractional portion of the year remaining after and in which this Act takes effect, all corporations subject to this Act and whose articles of incorporation are on file at the time this Act takes effect, shall secure the license required by this Act and pay therefor the fees prescribed by this section. Such tax for the remainder of the year in which this Act takes effect shall be due and payable by the last mentioned corporations to the Secretary of State on the day on which this Act takes effect, and if not paid on or before the hour of six o'clock p.m. of the ninetieth day following, shall become delinquent, and there shall thereupon be added thereto as a penalty for such delinquency the sum of ten dollars.

"At the hour of six o'clock p.m. of the thirty-first day of December of said year, the charters of all corporations organized under the laws of this State and which have failed to pay said fractional tax and penalty, shall be forfeited to the State of California, and the right of all foreign corporations to do intrastate business in this State, which have failed to pay said fractional tax, and penalty, shall be likewise forfeited, and the Secretary of State shall forthwith enter upon the record of corporations in his office against the name of any corporation so failing to pay said fractional tax and penalty the words 'charter forfeited to the State,' if the corporation be a domestic corporation, and thereupon said charter shall be *ipso facto* so forfeited, and the words 'right to do intrastate business forfeited,' if the corporation be a foreign corporation, and thereupon said right to do intrastate business in this State shall be *ipso facto* so forfeited.

"SEC. 7. At the hour of six o'clock p.m. of the Saturday preceding the first Monday in March of each year the charters of all corporations organized under the laws of this State and which have failed to pay the license tax and penalty prescribed by section 4 of this Act shall be forfeited to the State of California and the right of all foreign corporations to do intrastate business in this State, which have failed to pay said license tax and penalties shall be likewise forfeited."

"SEC. 8. Educational, religious, scientific and charitable corporations, corporations which are not organized for profit, and corporations doing solely an interstate business are exempt from the payment of the tax provided by this Act."

"SEC. 9. Any corporation claiming exemption from the payment of said annual license tax must file with the Secretary of State at least sixty days before such tax becomes due and payable a written protest in which it shall set forth all facts and reasons upon which such exemption claim is made, sworn to by the president and secretary or general manager of such corporation, or if any corporation shall claim exemption from the payment of the fractional tax provided in section 6 of this Act, a like protest shall be filed with the Secretary of State before the ninety-day following the day on which this Act takes effect. Failure to protest in the manner and within the time herein prescribed shall constitute a waiver of all rights of exemption from said tax. Such corporation shall furnish under oath such other proof as the Secretary of State may require or demand. All evidence and proofs submitted upon such claim of exemption shall be submitted by the Secretary of State to the Board of Control and State Controller and said officers shall thereupon determine the question of such corporation's claim of exemption. The determination of said officers upon all questions of fact, shall be final and conclusive: *provided, however,* that at the time of filing a certified copy of the articles of incorporation of any domestic corporation in the office of the Secretary of State, and at the time a foreign corporation files with the Secretary of State the document or documents required by section 1 of this Act, the Secretary of State shall determine whether such corporation is exempt as an educational, religious, scientific, or charitable corporation or as a non-profit corporation."

"SEC. 10. If the license tax and penalties for delinquency required to be paid by section 4 of this Act are not paid within the time herein required, the Secretary of State shall on the Saturday preceding the first Monday in March, and at six o'clock p.m. of said day, enter upon the record of corporations in his office against the name of any company so failing to pay said license tax and penalty the words 'charter forfeited to the state,' if the corporation be a domestic corporation, and thereupon said charter shall be ipso facto so forfeited and the words 'right to do intrastate business forfeited' if the corporation be a foreign corporation, and thereupon said right to do intrastate business in this State shall be ipso facto so forfeited."

"SEC. 11. On or before the first Monday of April of each year the Secretary of State shall make a list of all domestic corporations whose charters have been so forfeited, and of all foreign corporations whose right to do intrastate business in this State has been so forfeited or which have surrendered their right to do intrastate business in this State as provided in section 15 of this Act, and shall transmit a certified copy thereof to each county clerk in this State, who shall file the same in his office."

"SEC. 12. It shall be unlawful for any corporation, either domestic or foreign, which has not paid the license tax, as in this Act prescribed, to exercise the powers of such corporation, or to transact any intrastate business in this State, after six o'clock p.m. of the Saturday preceding the first Monday in March next following the delinquency. Each and every person who exercises any of the powers of a corporation which has forfeited its charter or right to do intrastate business in this State, or who transacts any business for or in behalf of such corporation, after such forfeiture, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment."

"SEC. 13. In all cases of forfeiture under the provisions of this Act, the directors or managers in office of the affairs of any domestic corporation, whose charter may be so forfeited, or of any foreign corporation whose right to do business in this State may be so forfeited, are deemed to be trustees of the corporation and stockholders or members of the corporation whose power or right to do business is forfeited and have full power to settle the affairs of the corporation and to maintain or defend any action or proceeding then pending in behalf of or against any of said corporations, or to take such legal proceedings as may be necessary to fully settle the affairs of said corporation, and such directors or managers, as such trustees, may be sued in any of the courts of this State by any person having a claim against any of said corporations, *provided, always,* that no action pending against any corporation shall abate thereby, but may be prosecuted to final judgment and may be enforced by execution with the same force and effect and in like manner as though no forfeiture had occurred, *and provided, further,* that where judgment has been entered against any corporation prior to forfeiture under this Act, that notwithstanding, execution may be issued thereon and the property of said corporation, or that may come into the hands of any trustees for it may be levied upon, seized and sold to satisfy the same with like force and effect as though such forfeiture had not occurred."

"Sec. 14. Any domestic corporation which suffers the forfeiture prescribed by this Act, may pay to the Secretary of State all taxes and penalties which shall have accrued prior to such forfeiture, and all taxes and penalties which would have accrued if such forfeiture had not occurred; and shall file an application with the Secretary of State for the restoration of its charter, which application must set forth the names of the persons who became trustees upon such forfeiture, under the provisions of section 13 of this Act, and shall be signed by all of said persons then surviving, and acknowledged by each of said persons before an officer authorized by the laws of this State to take acknowledgments of conveyances of real property; whereupon such corporation shall be restored to its former corporate status and the Secretary of State shall issue to such corporation a license entitling it to transact intrastate business in this State during the year in which such license is issued; *provided, however*, that no corporation organized under the laws of this State which suffers such forfeiture shall be relieved from the effect thereof, nor shall such license be issued, in the event that subsequent to the date of forfeiture its corporate name, or a name so closely resembling said name as will tend to deceive, has been adopted and is in use by another domestic corporation.

"Any foreign corporation which suffers a forfeiture of its right to do intrastate business in this State, may pay to the Secretary of State all taxes and penalties which shall have accrued prior to such forfeiture, and all taxes and penalties which would have accrued if such forfeiture had not occurred, and shall file with the Secretary of State its application for a restoration of its right to do intrastate business, and copies of any documents increasing or decreasing its capital stock, certified as hereinbefore provided, together with an affidavit by its president or secretary, setting forth the amount of its authorized capital stock on the first day of January of the year in which said application is presented, and the taxes which would have accrued after the date of such forfeiture shall be measured by the authorized capital stock, as shown by such copies and affidavits; whereupon such corporation shall be restored to its former corporate status and the Secretary of State shall issue to such corporation a license entitling it to do intrastate business in this State during the year in which such license is issued.

"Any domestic corporation which has heretofore suffered a forfeiture of its charter under the provisions of an Act entitled 'An Act relating to revenue and taxation, providing for a license tax upon corporations and making an appropriation for the purpose of carrying out the objects of this Act,' approved March 20, 1905, or under the provisions of any Act amendatory thereof, may be restored to its former corporate status subject to and upon complying with the conditions hereinabove provided for the reinstatement of domestic corporations which suffer the forfeiture prescribed by this Act, and in addition thereto, upon payment of the taxes and penalties which would have accrued under said Act of 1905, or any of the Acts amendatory thereof, if such forfeiture had not occurred.

"Any foreign corporation which has suffered a forfeiture of its right to do business in this State under the provisions of said Act of 1905, or any Act amendatory thereof, may be relieved from the effect thereof and resume an intrastate business in this State upon filing with the Secretary of State an affidavit by its president or secretary, setting forth the amount of its capital stock at time of taking effect of this Act, and stating any subsequent changes in said authorized capital stock, and the dates on which such changes became effective, and shall pay to the Secretary of State all taxes and penalties which would have accrued under said Act of 1905, or under any of the Acts amendatory thereof if such forfeiture had not occurred, and the taxes and penalties which would have accrued under the provisions of this Act, whereupon such corporation shall be restored to its former corporate status and the Secretary of State shall issue to such corporation a license entitling it to do intrastate business in this State during the year for which the license is issued. And the Secretary of State shall, on or before the first Monday of April of each year, make a list of the corporations, both foreign and domestic, so paying, and of the foreign corporations which have resumed the transaction of intrastate business in this State, as provided in section 15 of this Act, and shall transmit a certified copy of said list to each county clerk in this State, who shall file the same in his office.

"Sec. 15. Any foreign corporation may surrender its right to engage in intrastate business in this State by filing a stipulation with the Secretary of State, in which it shall agree that it will not transact such business at any time thereafter without first obtaining from the Secretary of State a license authorizing the resumption of such business, as hereinafter provided. Upon the filing of such stipulation and upon the payment of any tax or penalty then due, said corporation shall be exempt from the payment of the tax provided in this Act. It shall be unlawful for any such corporation to exercise its corporate powers in transacting any intrastate business in this State after the filing of such stipulation. Each and every person who exercises any of the powers of such corporation in the transaction of intrastate business or who transacts any intrastate business for or in behalf of such corporation after such filing shall be subject to penalties prescribed by section 12 of this Act.

"Any such corporation may resume the transaction of intrastate business in this State at any time thereafter upon filing its application for a license therefor with the Secretary of State and an affidavit by its president or secretary setting forth the amount of its authorized capital stock, and copies of any documents increasing or

diminishing such capital stock, which copies shall be certified as herein provided, and upon paying a tax for the unexpired portion of the year which shall be measured by its authorized capital stock and which shall be that portion of the license tax specified in section 4 of this Act which the unexpired number of months of such year, including the month in which such license is issued, bears to the entire year.

"SEC. 16. Any false statement contained in any of the affidavits herein required shall constitute perjury, and shall be punishable as such.

"SEC. 17. All moneys herein required to be paid shall, upon collection by the Secretary of State, be immediately paid by him into the state treasury.

"SEC. 18. Nothing in this Act shall be construed as affecting or repealing any statute of this State respecting the assessment of franchises and levying of taxes thereon."

E. S. BUDREAU, and others

By Mr. Phelps:

SANTA MONICA, CALIFORNIA, April 22, 1915.

Honorable Peter C. Phillips, Assembly, Sacramento, California:

DEAR SIR Permit us to call your attention to Assembly Bill No 102 in which we are very deeply interested. The motives of this bill are humanitarian and uplifting in the highest sense of the word. The terms are moderate, reasonable, simply asking that only humane officers be given the right of entry to places where vivisection is practiced.

We earnestly hope you will give this bill, No. 102, your valuable influence and support.

Most sincerely yours,

SARAH HOWE MORRIS, M.D., and others,

By Mr. Fish:

April 23, 1915.

Honorable Alfred L. Bartlett, Richmond P. Benton, Harry A. Chamberlin, George W. Doucaine, Howard J. Fish, L. L. Losfutter, Chas. W. Lyon, Jas. S. McKnight, Frank H. Mosser, Peter C. Phillips, Jos. A. Rominger, Chas. E. Scott, Lewis A. Spengler, Harry A. Wishard, and Henry W. Wright, Assemblymen Los Angeles County, Sacramento, California.

GENTLEMEN We, the undersigned employees of the electric railway companies and residents of Los Angeles County, ask you to protect the industry through which we gain our living by passing the bills now before you providing for the taxation of automobiles engaged as public utilities in competition with the electric railways and giving power to counties and municipalities to regulate these automobiles by the granting of franchises.

The proposed tax of \$12.50 per passenger seat is but a small part of the gross revenue of the automobiles compared with that part of the gross revenues now paid in taxes to the State per passenger seat by the electric railways.

The electric railways are subject to state, county and municipal regulation and must secure franchises.

It is little enough in fairness to ask that automobiles operating in competition with them be required to obtain franchises.

If the electric railways, under the unfair competition of automobiles, compared with the railroads practically untaxed and unregulated, not only have to stop extending their service but must abandon lines and reduce the service now given, the communities served, the owners of the railroads and the employees must suffer.

Inasmuch as the largest single expenditure of the electric railways is for wages and, directly and indirectly, the largest part of its revenue goes to the payment of wages, we, as employees, have an important and direct interest in this matter most vital to us.

We, therefore, in behalf of the electric railway employees of Los Angeles County, larger in number than in any other single industry in this county, respectfully and earnestly urge you to vote for these bills.

E. L. YOUNG and 6,000 others.

"SEC. 5. Every sanitary district formed under the provisions of this Act shall have power to have and use a common seal, alterable at the pleasure of the sanitary board; to sue and be sued by its name; to construct, reconstruct, alter, enlarge, lay, renew, replace and maintain such sewers, drains, septic tanks and other drainage and sewer disposal system as in the judgment of the sanitary board shall be necessary or proper, and for this purpose to acquire by purchase, gift, devise, condemnation proceedings, or otherwise, such real and personal property and rights of way, either within or without the limits of the district, as in the judgment of the sanitary board shall be necessary or proper, and to pay for and hold the same, to make and accept

any and all contracts, deeds, releases, and documents of any kind which, in the judgment of the sanitary board, shall be necessary or proper to the exercise of any of the powers of the district, and to direct the payment of all lawful claims and demands against it: to issue bonds as hereinafter provided, and to assess, levy, and collect taxes to pay the principal and interest of the same, and the cost of laying and the expense of maintaining any sewer or sewers that may be constructed subsequent to the issuance of said bonds or any lawful claims against said district, and the running expenses of the district; in all work for the construction and repairs upon such sewers, septic tanks, drains and other drainage and sewer disposal system when the expenditure required for the same exceeds the sum of two hundred dollars, the same shall be done by contract, and shall be let to the lowest responsible bidder, after notice by publication in a newspaper of general circulation, printed and published in such district, for at least two weeks, or by printing and posting the same in at least four public places therein for the same period, as the sanitary board may direct: such notice shall distinctly and specifically state the work contemplated to be done; *provided*, that the sanitary board may reject any and all bids presented and re-advertise in their discretion; *provided, however*, that in cases of emergency said notice may be dispensed with and the contract let for said repairs, or said work may be done by day's labor and the material therefor purchased in the open market, to employ all necessary agents and assistants, and pay the same, to lay its sewers and drains in any public street or road of the county, and for this purpose enter upon the same and make all necessary and proper excavations, restoring the same to proper condition: but in case such street or road shall be in an incorporated city or town, the consent of the lawful authorities thereof shall first be obtained; to make and enforce, except in an incorporated city or town, all necessary and proper regulations for the removal of garbage, and the cleanliness of the roads and streets of the district, and all other sanitary regulations not in conflict with the Constitution or laws of the State; to impose fines, penalties and forfeitures for any and all violations of its regulations or orders, and to fix the penalty thereof by fine or imprisonment, or both, but no such fine shall exceed the sum of one hundred dollars, and no such imprisonment shall exceed one month; to call, hold and conduct all elections necessary or proper after the formation of the district, to prescribe, by order, the time, mode and manner of assessing, levying, and collecting taxes for sanitary purposes, except as otherwise provided herein; to compel all residents and property owners within the district to connect their houses and habitations with the street sewers drains or other sewerage disposal system; and generally to do and perform any and all acts necessary or proper to the complete exercise and effect of any of its powers, or the purpose for which it was formed

SEC. 6. The officers of the district shall be a sanitary assessor and five members of the sanitary board

SEC. 7. There shall be an election for sanitary assessor on every even-numbered year in which members of the sanitary board are elected, and at the same time, place and manner; and the person then elected shall hold office for two years next thereafter, and until the election and qualification of his successor. The person elected assessor at the election at which the district was formed shall hold office until the election and qualification of his successor; *provided*, that if at any time a vacancy occur in the office of assessor, the sanitary board shall appoint a suitable person to fill such vacancy until the next election at which an assessor may be elected under the provisions of this Act.

SEC. 8. It shall be the duty of the sanitary assessor to make out, before the first Monday in July of each year, a list of all the tangible real and personal property within the district; he shall list the tangible real and personal property in any annexed district separately. Such list shall contain a brief and general description of the property, an assessment of the value thereof, the name or names of the owner or owners, and such other matters as may be ordered by the sanitary board and such matters as shall be necessary to make such list conform to the provisions of the general laws of the State of California. The land shall be assessed separately from the improvements thereon. No mistake in the name of the owner of any of the real or personal property assessed or any informality in the description, or in other parts of the assessment shall invalidate the same. The sanitary assessor shall verify said list by his oath, before some officer authorized to administer oaths and shall deposit the same with the sanitary board on the first Monday of July of each year or as soon thereafter as is practicable. He shall have power to administer all oaths and affirmations necessary or proper in the performance of his duty as assessor, and shall receive such compensation as shall be fixed by the order of the board. He shall also perform such further duties and do such further acts as may be ordered or required by the sanitary board.

"SEC. 9. There shall be an election for two members of the sanitary board in every even-numbered year beginning with the second even-numbered year after the election at which the district was organized and the two members then to be elected shall hold office until the election and qualification of their successors in the next even-numbered year; and there shall be an election for three members of the sanitary board in every odd-numbered year beginning with the second odd-numbered year, after the election at which the district was organized, and the three members then to be elected shall hold office until the election and qualification of their successors in

the next odd-numbered year. The five members elected at the election at which the district was organized shall, at their first meeting, or as soon thereafter as may be practicable, so classify themselves by lot, that two of them shall go out of office in the second even-numbered year after the election at which the district was organized, and upon the election and qualification of their successors, as provided by this Act. The members of the sanitary board shall receive no compensation whatever, either for general or special services, *provided*, that the sanitary board may appoint an assistant secretary at a salary not to exceed twenty dollars per month. All elections for officers, after the formation of the district shall be held on the first Monday after the first Tuesday in the month of March. Not less than twenty days before the day of such election the sanitary board must give notice of said election by posting notices thereof in three public places in the sanitary district, which notices must specify the time and place of election, the hours during which the polls will be kept open, and the officers to be elected. They shall select one, and may select two, polling places within the district, shall appoint one inspector and two judges of election in each polling place, and make all necessary and proper arrangements for holding the election. Said election officers shall constitute the election board. If no election officers are so appointed, or if those appointed are not present at the time of the opening of the polls, the electors present may appoint them and they shall conduct the election. Such election shall be conducted as nearly as practicable in accordance with the general election laws of the State, except that the requirements of said laws as to the form of ballots and the making of nominations of candidates shall not apply. Every qualified elector resident within the district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election. At such election the last great register of the county shall be used, and any elector whose name is not upon such great register shall be entitled to vote upon producing and filing with the board of election a certificate, under the hand and seal of the county clerk, showing that his name is registered and uncanceled upon the great register of such county, provided that he is otherwise entitled to vote.

"The officers of the election must publicly canvass the votes immediately after the closing of the polls, and must certify the result within twenty-four hours after the closing of the polls to the sanitary board. Said board shall within five days after the election canvass said returns, and shall make, sign and deliver certificates of election to the person or persons elected.

"SEC. 10. The sanitary board shall be the governing power of the district, and shall exercise all the powers thereof, except the making of an assessment list in the first instance as herein provided. At its first meeting, or as soon thereafter as may be practicable, the board shall choose one of its members as president, and another of its members as secretary. And all contracts, deeds, warrants, releases, receipts, and documents of every kind shall be signed in the name of the district by its president, and shall be countersigned by its secretary. The board shall hold such meetings, either in the day or in the evening, as may be convenient. In case of the absence or inability to act of the president or secretary, the board shall, by order entered upon the minutes, choose a president pro tem., or secretary pro tem., or both as the case may be.

"SEC. 11. On the first Monday of July of each year, at the hour of 7.30 o'clock p.m., the sanitary board shall meet at its usual place of meeting within said district, and proceed to organize itself into a board of equalization, and if the sanitary assessor has returned the assessment list for said year said board shall proceed to equalize the property so assessed and returned by said sanitary assessor. If said assessment list has not been returned by said sanitary assessor said board must adjourn from day to day until said assessment list has been returned, and for the purpose of adjournment one or more of the members of said board present may make said adjournment and announce the same. Upon the assessment list having been returned by the assessor, said board of equalization shall proceed to equalize the property listed on said assessment list and said board shall continue in session as a board of equalization until the property upon the entire list returned by the assessor shall have been examined, rectified and equalized, with such reasonable intermissions during the day and from day to day as may be expedient. The board shall have power to hear complaints as to the proceedings of the assessor, and to adjudicate and determine the controversy thereon, and may of its own motion raise an assessment, after such reasonable notice to the party whose assessment is to be raised, as may be ordered by the board. After the examination and rectification of the assessor's list shall have been completed the board shall, by resolution, fix the rate of taxation for sanitary purposes, designating the number of cents on each hundred dollars to be levied for each fund and shall designate the fund into which the same shall be paid, but no more than fifteen cents on each one hundred dollars shall be levied for all the sanitary purposes of any one year, besides what shall be required for the payment of the principal and interest of such year upon outstanding bonds. After the entry in the minutes of the resolution fixing the rate of taxation the sanitary board shall cause the assessor to compute the amount of the tax upon each piece of real and personal property, and enter the same upon the assessment list in a suitable place. The list, when so completed, shall be verified by the assessor and signed by the president and secretary, and the amount of the tax shall thereupon become a lien upon the property upon which it is assessed, and shall have

the effect of a judgment against the person of the owner thereof, and every such lien shall have the force and effect of an execution duly levied against all the property of the delinquent, and the judgment shall not be deemed satisfied or the lien extinguished until the taxes are paid or the property sold to satisfy the same, and no statute of limitations shall apply.

"SEC. 12. As soon as practicable, but not later than the third Monday in July, after the taxes have been computed and extended on the assessment list, verified by the assessor and signed by the president and secretary of said board, the board shall transmit, or cause the assessor to transmit, a duplicate of the list so made, to the tax collector of the county, who shall collect the taxes shown by said list to be due, in the same manner as he collects the county taxes and all the provisions of the laws of the State as to the collection of taxes and delinquent taxes, and the enforcement of the payment thereof, so far as applicable, shall apply to the collection of taxes for sanitary purposes; and said tax collector, and the sureties on his official bond, shall be responsible for the due performance of the duties imposed upon him by this Act, *provided*, that the sanitary board may, in its discretion, direct the district attorney of the county to commence and prosecute suits for the collection of the whole, or any portion of the delinquent taxes, and it shall be the duty of the district attorney to carry out such directions of the sanitary board, and he, and the sureties upon his official bond shall be responsible for the due performance of the duty imposed upon him by this Act.

"All money collected for sanitary purposes by the district attorney under this Act shall be at once paid to the county treasurer, *provided, further*, that the sanitary board may, at any time, by order entered in its minutes, provide a system for the collection of delinquent taxes, or make any change in the manner of their collection, which as to such taxes shall have the force of law. Whenever any property is sold for delinquent sanitary taxes, under the provisions of this Act, the tax collector shall file with the county recorder, at the expense of the purchaser, a copy of the certificate of such sale; and when at any time redemption is made of any property which has been sold for delinquent sanitary taxes the redemption officer of the sanitary district shall immediately forward a copy of the redemption certificate to the county recorder and the county recorder shall inscribe or stamp upon the margin of the certificate of sale of said property then on file in his office, the word "Redeemed," together with the date, the amount paid, and the name of the party redeeming said property, *and further provided*, that whenever the tax collector issues a deed to the purchaser of any property sold for delinquent sanitary taxes, the said tax collector shall forward a copy of the deed to the county recorder, and the county recorder shall then inscribe or stamp upon the margin of the certificate of sale of said property then on file in his office, the words "Deeded to," together with the date, and the name of the party to whom said deed was issued. In the event that property upon which sanitary district taxes have become delinquent is, on account of such delinquency, sold by the tax collector, and a deed therefor is issued to any person other than the State of California, the party who was of record as the owner of such property at the time of such sale and of such issuance of such deed, is hereby granted the right to redeem said property from the tax title purchaser thereof, at any time within a period of five years from and after the issuance of such deed, by the payment to the said tax title purchaser of the amount for which the said property was to him sold by the tax collector and an additional premium which shall not be greater than one hundred per cent. of the said purchase price. It is hereby declared to be unlawful for any person or persons who have purchased at a delinquent tax sale any property which is sold for delinquent sanitary taxes, to demand for its redemption any sum greater than the amount which is by this Act specified; or to refuse to redeem any such property to the party who was the owner thereof at the time of such delinquent tax sale, when proper tender is made within five years after date of such sale, of an amount which is not greater than the amount which is by this Act prohibited.

"SEC. 13. The tax collector shall pay over to the county treasurer all moneys collected by him for sanitary purposes, as fast as the same shall be collected, and the said treasurer shall keep the same in the county treasury as follows: In a fund called the bond fund of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund; and no part of the money in this fund shall be transferred to any other fund, or to be used for any other purpose than the payment of the principal and interest of the bonds of the sanitary district, and for the retirement of bonds which had been issued by a district which formerly formed a part of the sanitary district as hereinafter provided for, so long as any such bonds shall be unpaid; in a fund called the running expense of sanitary district (naming it) he shall place and keep the moneys levied by the sanitary board for such fund. The whole or any part of the money in the running expense fund may be transferred to the bond fund, or to the other fund hereinafter provided for, upon the order of the sanitary board, and it shall be the duty of the treasurer to comply with such order. The treasurer shall pay out moneys from either of said funds, or from the fund hereinafter mentioned, only upon the written order of the sanitary board, signed by the president and countersigned by the secretary, which order shall specify the name of the person to whom the money is to be paid and the fund from which it is to be paid, and shall state generally the purpose for which the payment

is made, and such order shall be entered in the minutes of the sanitary board. The treasurer shall keep the order as his voucher, and shall keep a specific account of his receipts and disbursements of money for sanitary purposes. The treasurer and sureties upon his official bond shall be liable for the due performance of the duties imposed upon him by this Act. The treasurer shall keep the money arising from the sale of bonds in the fund hereinafter mentioned.

"SEC. 14. At any time after the district is organized the sanitary board, by order entered in the minutes, may, when in its judgment it is advisable, and must, upon a petition of a majority of the qualified electors residing in the district, call an election and submit to the electors of the district the question whether the bonds of such district shall be issued and sold for the purpose of raising money for construction, reconstruction, alteration, laying, renewing, replacing or enlargement of sewers, drains or septic tanks or other drainage or sewer system, whether the same be for a system of the same nature as or of a different nature than the system already installed or constructed for the disposal of sewage.

"The order calling such election shall be valid and effectual when signed by two-thirds of the members of said sanitary board, and may so submit to said electors as one proposal the question of issuing bonds to make all said outlays, or so many of them as may be selected, or said order may submit at said election as separate questions the issuance of bonds for any of said outlays, singly or in such combinations as the order may direct.

"SEC. 15. Notice of such election shall be given by posting notices, signed by the board, or by a majority thereof in three public places in the district not less than twenty days before the election, and by publishing such notice not less than once a week for three successive weeks before the election in a newspaper printed and published in the district, if any newspaper is published therein, and if not, in a newspaper printed and published in the county.

"SEC. 16. Such notice shall contain:

"1. Time and place of holding such election.

"2. The names of the officers of election appointed to conduct the same.

"3. The hours during the day in which the polls will be open.

"4. A statement of the purpose for which the election is held.

"5. The amount and denomination of the proposed bonds, the rate of interest and the number of years, not exceeding forty, the whole or any part of said bonds are to run.

"SEC. 17. At any time prior to the day fixed for the election the board shall select one, and may select two, polling places within the district, appoint one inspector and two judges of the election for each polling place, and make all necessary and proper arrangements for holding the election. If no election officers are appointed, or if those appointed are not present at the time for opening the polls, the electors present may appoint them and they shall conduct the election. The vote must be by ballot (without reference to the general election law in regard to form of ballot). The ballot shall contain the words 'Bonds—Yes' and 'Bonds—No,' and the persons voting at said bond elections shall put a cross (X) upon their ballots with pencil or ink after the words 'Bonds—Yes' or 'Bonds—No' (as the case may be) to indicate whether they have voted for or against the issuance of bonds.

"The elections shall be conducted in accordance with the general election laws of the State, so far as the same shall be applicable, except as herein otherwise provided.

"Every qualified elector resident within the district for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the elections above provided for. After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board, which board shall on the seventh day after the election, at one o'clock p.m., meet and canvass the returns of the election, and if it appears that two-thirds of the votes cast at said election were in favor of issuing such bonds, then the board shall cause an entry of that fact to be made upon its minutes. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this Act or by law, and of the facts stated in such entry. If, at such election, two-thirds of the votes cast be in favor of the issuance of bonds as proposed by the sanitary board, the said board shall thenceforth have full power and authority to issue and dispose of bonds as proposed in the order calling the election, *provided*, that the total amount of bonds so issued shall not exceed ten per cent of the assessed value of all real and personal property of the district, as shown by the last equalized assessment book of the county.

"SEC. 18. All bonds issued under the provisions of this Act shall be of such denominations as the sanitary board may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars. Said bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated, and shall bear interest at a rate not exceeding six per cent per annum, which interest shall be payable semi-annually in like gold coin. Not less than one-fourth part of the total issue of bonds shall be payable each year, on a day to be specified by the sanitary board, but no bonds shall be payable in installments, but each bond issued hereunder shall be payable in full on the date specified therein by said board. Each bond shall be signed by the president and countersigned by the secretary of the sanitary board, and said bonds shall be numbered consecutively, beginning with

number one, and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said board. The bonds must be disposed of by the sanitary board in such manner and in such quantities as may be determined by said board in its discretion, but no bond must be disposed of for less than its face value. The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called the Sewer Construction Fund of ----- Sanitary District (naming it); the money in such fund shall be used for the purpose indicated in the order calling the election upon the question of the issuance of the bonds, and for no other purpose, *provided*, that if after such purposes are entirely fulfilled any balance remain in such fund, such balance may, upon the order of the sanitary board, be transferred to either of the other funds provided by this Act.

"Sec. 19. If the result of the election be against the issuance of bonds, no other election upon the question shall be called or held for a period of one year. After a district organized under the Act of 1891, mentioned in section 31 hereof, shall have been reorganized under this Act as provided in said section 31, the entire amount of bonds issued by such district under the provisions of said Act of 1891 may be presented by the holder or holders thereof to the sanitary board of the sanitary district issuing the same and there shall be exchanged therefor and issued in lieu thereof to such holder or holders, by the sanitary board, bonds issued in accordance herewith for the various installments payable on the bonds so surrendered, and said new bonds so issued in exchange for said old surrendered bond shall be payable at the same time and place as the installments due under the old bonds. It being the intention hereof to permit the surrender of sanitary district bonds heretofore issued payable in installments by the holder thereof, and the exchange thereof of a like amount of bonds of such sanitary district having a denomination equal to the installments payable under one or more of the bonds heretofore issued by any one sanitary district, said new bonds to be payable at the same time as said installments and in equal amounts; the amount of said new bonds to be payable in any one year to equal the amount of the installments on said old bonds payable in such year. All expenses of the exchange shall be borne by the holder of the bonds presented for exchange, and interest on the new bonds shall be paid at the same time and rate as on the old bonds. Upon such exchange being effected the old bonds shall be canceled by punching holes in the signatures thereto attached, and shall be retained by the treasurer of said county as evidence of such cancellation.

"Sec. 20. The sanitary board of each district shall annually levy a tax upon the taxable property in the district sufficient to pay the interest of said bonds for the year, and such portion of the principal as is due or is to become due during such year, and in any event the tax must be high enough to raise annually a proportion of the principal of said bonds equal to the sum produced by dividing the whole amount of said bonds outstanding by the number of years said bonds then have to run, so that the entire amount of principal and interest of said bonds shall be paid at or before maturity, and in any event within forty years of the date of issuance of the bonds, and it is hereby made the duty of the tax collector, or such other person as may be charged with the duty of collecting the sanitary taxes, to collect the said taxes so to be levied and the duty of the sanitary board to order the same to be paid in manner and form as provided by this Act, and the duty of the county treasurer to pay the same. If, for any reason, any portion of the tax for any year remains unpaid, and in consequence thereof any portion of the interest or principal due for any year remains unpaid, the same shall be added to the levy for the next year, and be collected and paid accordingly. The payment of the whole amount of the principal and interest of all of said bonds, within forty years from their issuance, is hereby made the imperative duty of the district, and, if necessary for that purpose, a special tax shall be levied, and it is hereby made the duty of every officer and board to do his or its respective part towards the levy, collection, and payment of such tax; and mandamus shall issue from the Superior Court of the county in which the district is situated, or from any other competent court, upon application of any party interested, for the purpose of compelling the performance of the duty imposed by this Act upon any and all officers or boards.

"Sec. 21. If the result of any election upon the question of the issuance of bonds be in favor of such issuance, the sanitary board may, in their discretion, before such issuance, commence, in the Superior Court of the county, a special proceeding to determine their right to issue such bonds and the validity thereof, similar to the proceedings in relation to irrigation bonds, provided for by an Act entitled 'An Act to provide for the organization and government of irrigation districts and to provide for the acquisition or construction thereby of works for the irrigation of the lands embraced within such districts, and, also, to provide for the distribution of water for irrigation purposes' approved March 31 1897, and all Acts amendatory thereof and supplementary thereto and all the provisions of said Act shall apply to and govern the proceedings so to be commenced by the sanitary board, so far as the same are applicable; and said proceedings shall be in accordance with the provisions of said Act, so far as the same are applicable, and the judgment in such proceedings shall have the same effect as a judgment in relation to irrigation bonds under the provisions of said Act.

SEC. 22. Any general regulation of the sanitary board shall be by order entered in the minutes, but such order shall be published once a week for one week in some newspaper published within the district, if there be one, and if there be no such newspaper then such order shall be posted for one week in three public places within the district. A subsequent order of the board that such publication or posting has been duly made shall be conclusive evidence that such publication or posting has been properly made. Orders not establishing a general regulation need not be published or posted (unless otherwise provided by this Act), but shall be entered in the minutes, and the entry shall be signed by the secretary of the board. A general regulation shall take effect immediately upon the expiration of the week of publication or posting thereof. An ordinary order shall take effect upon the entry in the minutes.

SEC. 23. The board may instruct the district attorney of the county to commence and prosecute any and all actions and proceedings necessary or proper to enforce any of its regulations or orders, and may call upon said district attorney for advice as to any sanitary subject, and it shall be the duty of the district attorney to obey such instructions and to give advice when called on by the board therefor. The board may at any time employ special counsel for any purpose. All fines for the violation of any regulation or order of the sanitary board shall, after the expenses of the prosecution are paid therefrom, be paid to the secretary of the board, who shall forthwith deposit the same with the county treasurer, who shall place the same in the running expense fund of the district.

SEC. 24. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by the sanitary board upon the question of dissolution. Such election shall be called and conducted in the same manner as other elections of the district. Upon such or any other dissolution the property of the district lying within the corporate limits of any city or town shall vest absolutely in the incorporated city or town, and if the whole or a portion of the property of the district is without the corporate limits of an incorporated city or town the whole or the portion of the property of the district that lies without the corporate limits of the city or town shall vest in the board of supervisors of the county until the formation of a city or town embracing the territory lying without such incorporated city or town, *provided, however*, that if at the time of such election to dissolve such district there be any outstanding bonded indebtedness of such district, then, in such event, the vote to dissolve the district shall dissolve the same for all purposes, excepting only the levy and collection of taxes for the payment of such indebtedness and for the payment of the expenses of assessing, levying and collecting the same, and from the time such district is thus or otherwise dissolved until such bonded indebtedness, with the interest thereon, is fully paid, satisfied and discharged, the legislative authority of said incorporated city or town, where the property of the district lies wholly within the corporate limits of an incorporated city or town, and in all other cases the board of supervisors are hereby constituted, ex officio the sanitary board of such district. And it is hereby made obligatory upon such board or legislative authority to levy such taxes and perform such other acts as may be necessary in order to raise money for the payment of such indebtedness and the interest thereon, as herein provided, and said board or legislative authority shall maintain the sewer system installed in proper condition and shall fulfill and compel fulfillment of any and all contracts made by the sanitary district for the right of connections made with property lying outside of the boundaries of said district; and shall maintain and protect all other rights acquired by the district; *provided* that all moneys received shall be placed in the bond and interest fund or be used for making extensions within the boundaries of said sanitary district; and shall not permit connection to be made with the system installed by any property outside of the boundaries of said sanitary district existing at the time of dissolution, unless the owner of such property shall agree to pay annually from the time of connection made the property's pro rata of the tax levied to pay off any existing bonded indebtedness as though the property affected were within the boundaries of said sanitary district at the time of dissolution.

SEC. 25. The sanitary board shall have power, except in incorporated cities or towns, at any time after main sewers or other sewers are laid, to order and contract for the construction of a sewer in any street, highway or upon property and rights of way owned by the sanitary district or part of any street, highway or property or rights of way owned by sanitary districts where a sewer is not already constructed, and to provide by such order that the cost thereof shall be borne by the property fronting along the line of the sewer, or to be borne by a district as ordered. The provisions of that certain act entitled "An Act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof and providing a method for the payment of such bonds" (approved April 7, 1911), (Stats. 1911, p. 730), and the amendatory Acts thereto, is hereby made applicable to sanitary districts. All proceedings shall be had in accordance with the provisions of said Act and the

amendments thereto, *provided, however*, that the words "city council" and "council" used in said Act shall be understood to mean sanitary boards. The words "city" and "municipality" shall be understood to mean sanitary districts. The words "clerk" and "city clerk" shall be understood to mean "secretary" of the sanitary board. The words "superintendent of streets" and "street superintendent" and "city engineer" shall be understood to mean the engineer of such "sanitary district" and the terms "treasurer" and "city treasurer" shall be understood to mean any person or official who shall have charge of and make payment of the funds of such sanitary district. The terms "right of way" shall mean any parcel of land through which a right of way has been granted to the sanitary district for the purpose of constructing and maintaining a sewer therein, *and provided, further*, that all the powers and duties conferred by the said provisions of said Act and Acts amendatory and supplementary thereto upon city councils, superintendents of streets, clerk and city clerks and treasurers and engineers, are hereby conferred and imposed upon the respective officers and board above specified.

"SEC 26 The boundaries of any sanitary district may be altered, and outlying contiguous territory in the same county as such sanitary district annexed thereto in the manner following. A petition signed by the owner or owners representing more than one-half of the assessed valuation of such contiguous territory proposed to be annexed as shown by the last equalized assessment book of the county in which said sanitary district is situated, designating specifically the boundaries of such contiguous territory proposed to be annexed, and the assessed valuation thereof as shown by said last equalized assessment book, and stating that such territory is not within the limits of any other sanitary district, and asking that such territory be annexed to said sanitary district, shall be presented to the sanitary board thereof, together with a duly executed bond for the sum of not less than one hundred dollars, to be approved by said sanitary board and filed with the secretary of the sanitary board as security for the payment by said petitioners of the reasonable costs of the election hereinafter provided for, in the event that at said election less than a majority of the votes cast are in favor of the annexation of the proposed territory to the sanitary district. When such petition is presented and a bond approved and filed as above provided for, the sanitary board must within thirty days thereafter order that an election be held for the purpose of determining whether or not such proposed territory shall be annexed. The order must fix the day of such election, which must be within sixty days from the date of the order, and must show the boundaries of the proposed district. This order shall be entered in the minutes of the sanitary board and shall be conclusive evidence of the due presentation of a proper petition, and of the fact that each of the petitioners was at the time of the signing of the petition and the presentation thereof a resident and freeholder within the limits of the proposed district to be annexed.

"A copy of such order shall be posted for four successive weeks prior to the election in three public places within the district and the district proposed to be annexed and shall be published for four successive weeks prior to the election in some newspaper published in the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week. At any time prior to the day fixed for the election, the board shall select one and may select two polling places within the sanitary district, and shall select one and may select two polling places within the district proposed to be annexed, appoint officers of election, and make all necessary and proper arrangements for holding the election. Upon the ballots to be used at such election there shall be printed the words, "For annexation to the sanitary district," and "Against annexation to the sanitary district," and there shall be a voting square to the right of and opposite each such proposition. The election shall be conducted in accordance with the general election laws of the State so far as the same shall be applicable, except as herein otherwise provided. Every qualified elector resident within the district and the district proposed to be annexed for the length of time necessary to enable him to vote at a general election shall be entitled to vote at the election above provided for. After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board which shall, as soon as practicable, proceed to canvass the same. Immediately upon the completion of such canvass said sanitary board shall cause a record thereof to be made and entered upon its minutes showing the whole number of votes cast in such sanitary district, the whole number of votes cast in the district proposed to be annexed the whole number of votes cast in each in favor of annexation, and the number thereof cast in each against annexation, and if it shall appear from such canvass that a majority of all of the votes cast in such sanitary district and a majority of all the votes cast in the district proposed to be annexed, are in favor of annexation the secretary, or other officer performing the duties of secretary of the sanitary board of such sanitary district, shall make and cause to be entered in the minutes of said board and endorsed on said petition an order approving said petition, and said petition shall thereupon be transmitted and filed with the board of supervisors of the county in which such sanitary district is situated. Such entry shall be conclusive evidence of the fact and regularity of all prior proceedings of every kind and nature provided by this Act or by law, and the facts stated in such entry. Said board of supervisors, at its next regular meeting after filing of said petition, shall by an order alter the boundaries of said sanitary district and

annex thereto the contiguous territory described in said petition. Such order shall be conclusive evidence of the validity of all prior proceedings leading up to such annexation and recited in said order, and from and after the same such territory shall become and be a part of such sanitary district. If at said election less than a majority of the votes cast in either the sanitary district or the district proposed to be annexed be in favor of annexation of the proposed territory to the sanitary district, the signers of said petition shall, within ten days after the canvassing of the votes of said election, pay to the sanitary board a sum of money covering the reasonable cost of said election and if said sum of money is not so paid within ten days, as aforesaid, the sanitary board shall have the right of action under said bond to recover the reasonable cost of said election, and the sanitary board shall, by order, disapprove said petition and enter the same in the minutes of said board, and no other proceedings shall be taken in relation thereto until the expiration of one year from the presentation of said petition, except to collect the costs of said election as herein provided.

"At any time after the annexation of such contiguous territory, the sanitary board may issue bonds for the construction of sewers therein in the manner and for the purposes prescribed and specified in sections 14 to 21, inclusive, of this Act, *provided, however*, that only qualified electors resident within said annexed territory shall be entitled to petition or vote in said proceedings, *and provided further*, that taxes for the payment of the principal and interest of such bonds shall be limited to the taxable property situate within such annexed contiguous territory *provided, further*, that nothing in this section shall be construed to limit the powers or alter the procedure elsewhere in this Act provided for the issuance of bonds by an entire district and payable out of taxes levied upon all the taxable property therein, whether the boundaries of the district remain as originally established or have been altered by the annexation of contiguous territory.

"SEC. 27. At any time after the sewer or other sanitary system is constructed the board of trustees or other governing body of any municipal corporation lying within the limits of any sanitary district may elect to keep and maintain the lateral sewer lying within said municipality, in order and repair and may enter into an agreement with the sanitary board so to do. From and after the date of such agreement said board of trustees shall keep said lateral in repair and the sanitary board shall not be required to keep the same in order or repair. After a municipality elects to keep the lateral sewers within its corporate limits in order and repair the property within the corporate limits of such municipality shall not be taxed for running expenses except for the inspection and repairs of the main sewers lying within such municipality.

"SEC. 28. Whenever any sanitary district has an outstanding indebtedness evidenced by the bonds thereof, the sanitary board or other governing body thereof shall have the power at any election calling for the issuance of additional bonds for the construction of a larger or more comprehensive sewer or other sanitary system in the original district or in a sanitary district whose boundaries have been altered by the annexation of outlying contiguous territory thereto as provided for in this Act, to submit to the qualified electors of such sanitary district the question of declaring all or any of such bonds to be at once due and payable, and provided for the payment or retirement thereof out of moneys to be realized from the sale of such additional bonds.

"SEC. 29. Whenever the sanitary board of an original sanitary district, or of a sanitary district the boundaries of which have been altered by the annexation of outlying contiguous territory, as provided for in this Act, shall by order passed by a vote of two-thirds of all its members and approved by the president of the board, which order shall be entered in the minutes, determine that the public interest or necessity of the original district or of a district whose boundaries have been altered by the annexation of outlying contiguous territory, demands the construction of a larger main sewer or a different system, the board may call an election for the purpose of determining whether bonds shall be issued for the construction of a larger main sewer or for a system different from that already constructed for the disposal of sewage.

"The proceedings in respect to the issuance of bonds for such purposes shall in every respect, except as in this section otherwise provided, conform to the requirements of sections 14 to 21, inclusive, of this Act.

"SEC. 30. The mode of nomination of election of all elective officers of such sanitary district, to be voted upon at any sanitary election, shall be as follows and not otherwise. The name of the candidate shall be printed upon the ballot, when a petition of nomination shall have been filed with the secretary of the board, when the district is already formed, or with the clerk of the Board of Supervisors when

the election is for the purpose of forming a sanitary district, in his behalf in the manner and form as follows. The petition of nomination shall consist of not less than ten nor more than twenty signatures which shall read substantially as follows:

"Each signer must be a qualified elector, residing within said district, and must not at the time of the signing a certificate have his name signed to any other certificate for any other candidate for the same office, nor in case there are several places to be filled in the same office signed to more certificates for that office than there are places to be filled for that office. "SEC. 31. The sanitary board of any district heretofore organized under that certain Act entitled, "An Act to provide for the formation, government, operation and dissolution of sanitary districts in any part of the State for the construction of sewers and other sanitary purposes; the acquisition of property thereby, the calling and conducting elections in such districts; the assessment, levy, collection, custody and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their validity, and making provisions for the payment of such bonds and the disposal of their proceeds," approved March 31, 1891, may submit to the electors thereof the question whether such district shall become organized under the provisions of this act. Notice that such question will be so submitted shall be given by posting for four successive weeks prior to the election in three public places within the district, and shall be published for four successive weeks prior to the election in a newspaper printed and published in the district if there be one, and if not, in a newspaper printed and published in the county. It shall be sufficient if the notice be published once a week. Such notice shall distinctly state the proposition to be so submitted and shall invite the electors thereof to vote upon such proposition by placing upon their ballots the words "for re-organization", or "against re-organization" or words equivalent thereto, and there shall be a voting square to the right of, and opposite each such propositions. At any time prior to the day fixed for the election the board shall select one and may select two polling places within the district and make all necessary and proper arrangements for holding the election. The election shall be conducted in accordance with the general election laws of the State, so far as the same shall be applicable except as herein otherwise provided. The votes so cast shall be canvassed by the sanitary board as soon as convenient after the election. If two-thirds of the votes cast at such election are in favor of re-organization then the board shall cause an entry of that vote to be made in its minutes. From and after the date of such entry the district shall be deemed to be organized under this Act, with all the powers conferred herein; the persons in office at the time of such re-organization shall be entitled immediately to enter upon the duties of the like offices of the district as re-organized, and shall continue therein until the expiration of the term for which they have been elected or appointed.

"Sec. 32 Any sanitary district organized under the provisions of section 31 of this Act shall, for all purposes, be deemed and taken to be in law the identical district theretofore formed and existing, and such re-organization shall in no wise affect or impair the title to any property owned or held by such district, or in trust therefor, or any debts, demands, liabilities, or obligations existing in favor of or against such district or any proceedings then pending; nor shall the same operate to repeal or affect in any manner any ordinance theretofore passed or adopted and remaining unrepealed, or, to discharge any person from any liability, civil or criminal, then existing, for any violation of any such ordinance; but such ordinances, so far as the same are in any conflict with general laws, shall be and remain in force until repealed or amended by competent authority; *provided*, that proceedings theretofore commenced shall, after such re-organization, be conducted in accordance with the provisions of this Act."

PETITIONS

The following petitions were presented and ordered printed in the Journal:

By Mr. Phelps:

Honorable John S. Phelps, Assemblyman (San Bernardino County), Sacramento, California

DEAR SIR: We, the undersigned, employees of the electric railway companies and residents of San Bernardino County, ask you to protect the industry through which we gain our living by passing the bills now before you providing for the taxation of

automobiles engaged as public utilities in competition with the electric railways and giving power to counties and municipalities to regulate these automobiles by the granting of franchises.

The proposed tax of \$12.50 per passenger seat is but a small part of the gross revenue of the automobiles compared with that part of the gross revenues now paid in taxes to the State per passenger seat by the electric railways.

The electric railways are subject to state, county and municipal regulation and must secure franchises.

It is little enough in fairness to ask that automobiles operating in competition with them be required to obtain franchises.

If the electric railways, under the unfair competition of automobiles compared with the railroads practically untaxed and unregulated, not only have to stop extending their service but must abandon lines and reduce the service now given, the communities served, the owners of the railroads and the employees must suffer.

Inasmuch as the largest single expenditure of the electric railways is for wages and, directly and indirectly, the largest part of its revenue goes to the payment of wages, we, as employees, have an important and direct interest in this matter most vital to us.

We, therefore, in behalf of the electric railway employees of San Bernardino County, larger in number than in any other single industry in Southern California, respectfully and earnestly urge you to vote for these bills.

W. P. HULL, and others

By Mr. Encell:

OAKLAND, CALIFORNIA, April 24, 1915.

To the Honorable Assemblymen of Alameda County, Sacramento, California

GENTLEMEN We, the undersigned, employees of the Southern Pacific Company, electric lines in Alameda County, are in favor of the passage of Senate Bill No. 814, placing a license tax on jitney busses, and also in favor of Assembly Bill No. 1530, requiring jitney busses to first obtain a franchise, for the reason that in our opinion jitney busses as now operated are no more or less than a public utility and should be subjected to the provisions and laws, both city, county and state, the same as other public utility corporations now acting as common carriers.

GOVERNOR'S MESSAGE—(OUT OF ORDER).

The following message from the Governor was taken up and read:

To the Assembly of the State of California

In accordance with section 16 of article IV of the Constitution, I return to you herein Assembly Bill No. 373, without my approval.

My reasons for vetoing this bill are as follows:

The bill adds a new section to the Penal Code relating to embezzlement and the language apropos here is as follows: "Every person who shall embezzle, fraudulently remove, conceal or dispose of any goods, chattels, or effects, leased or let to him by any instrument in writing, or any personal property or effects of another in his possession, under a contract of purchase not yet fulfilled * * * is guilty of embezzlement."

From various communications I am informed that the design of the law is to protect those who sell property on installments, and to enable them, where the entire purchase price has not yet been paid, and the property by the purchaser has been disposed of, to arrest the purchaser for embezzlement. I do not think the necessity exists for this enactment. The law of embezzlement as it now stands is sufficiently elastic to cover all real cases of embezzlement. In this view the Attorney General concurs and has written me: "I have read this statute and considered the provisions of the present law. I am unfamiliar with any situations that make the proposed act necessary. I think the present law is sufficient."

But there is another and more serious objection to the proposed act. The seller of goods on the installment plan has many methods by which he may thoroughly protect himself, and not only may he render himself wholly secure by contract, but the criminal law in proper cases comes to his aid. This statute, in my opinion, might lead to the grossest injustice. Take instances of the sales of sewing machines, pianos, and the like, upon the installment plan. The purchaser seldom understands the nature of the executory contract of sale, which he signs, while the seller understands perfectly his rights and protects them. The individual who buys his sewing machine or his piano or his little article of household furniture, may pay his dollar or two dollars weekly installment until he has paid ninety per cent of the purchase price, and then, with the pride of ownership, he may innocently remove the article or dispose of it, and instantaneously he may be charged with crime; or if not charged with crime, what is worse, he may be told that he will be charged with crime, if he does not immediately pay the small balance remaining. The sellers on the installment plan, of personal property, need no such additional weapon, in my opinion. Moreover, the terms "under a contract of purchase not yet fulfilled" are extremely indefinite and ambiguous, and this enactment makes the disposal of property, or effects of another in one's possession, "under a contract of purchase not yet fulfilled," embezzlement. All sorts of instances, innocent in themselves, can be readily conceived where one under this Act will be guilty of embezzlement in the disposition even in the ordinary usages of trade, of property in his possession "under a contract of purchase not yet fulfilled."

Dated Sacramento, April 28, 1915.

HIRAM W. JOHNSON, Governor.

The question being put: "Shall Assembly Bill No. 373 become a law notwithstanding the veto of the Governor?"

NOES—Messrs. Benton, Boyce, Carr, Chamberlin, Downing, Hawson, Lostutter, Schmitt, and Spengler—9.

Bill ordered transmitted to the Senate.

EXPLANATION OF VOTES

The following explanation of votes were filed and ordered printed in the Journal:

I am not entirely satisfied with this appropriation bill, but feel it to be my duty at this late day in the session to vote for it rather than attempt to amend or delay its passage, as it does not seem fair to me to play politics when the State's finances are concerned.

M. B. BROWNE.

Also:

I am not a member of the Ways and Means Committee and therefore under the system in vogue have not had an adequate opportunity to examine the various items contained in the twenty-nine pages of the budget.

I feel that probably the increase of over two million dollars in the budget is not justified. However, as the budget has been presented so late in the session that further delay in its consideration might work serious injury to the State and as it is absolutely necessary that appropriations be made for the maintenance of state government, I reluctantly cast my vote for this bill in the hope that the Governor will exercise the power given him by section 16 of article IV and veto such items as grant unwarranted increases.

ALFRED L. BARTLETT

Also:

We vote "No" on Assembly Bill No. 1092, among other reasons because some of the salaries are too high and because no provision is made for the relief of the unemployed citizens of this State.

GEO. W. DOWNING
L. A. SPENGLER.

Also:

I desire to explain my position towards the general appropriation bill. Although I am not opposed to those appropriations for salaries and expenditures which are necessary to carry on the machinery of the State government I am opposed to all increases of salaries and appropriations for which there is no necessity or urgency shown.

The report of the State Controller shows a deficiency in the revenue of the State of almost \$3,000,000.00, and yet the general appropriation bill for this year shows an increase in the appropriations of almost \$3,000,000.00 over the appropriation bill for 1913. In view of the deficit which the State now faces, I do not believe that this is the time for any increased expenditures of any kind.

Deprived of the opportunity to vote separately upon the different items of the appropriations I voted against the entire bill in order that I might protest against the enormous increase in the appropriations for this session.

HARRY A. CHAMBERLIN.

REQUEST FOR PERMISSION TO INTRODUCE BILL—(OUT OF ORDER).

The following request for permission to introduce a bill was presented:

MR. SPEAKER I ask permission to introduce the accompanying bill, the title of which reads as follows "An Act to facilitate legislation by restricting the number of bills that may be introduced during the first thirty days of any biennial session of the Legislature."

STATEMENT BY SPEAKER.

I desire to explain my reason for asking to be excused from voting on the Alameda County Government Bill, lest my request should be construed as evidencing any lack of harmony with my colleagues of Alameda County who voted for the bill. There have been I understand a number of meetings between the Alameda County delegation and the county officials with reference to the needs and deserts of the county offices. Through pressure of work connected with my office as Speaker, I have been unable to be present at any of these meetings, and I am consequently unable to form any intelligent opinion as to the necessity of changes in this county government bill from the bill enacted last session. Accordingly, I felt that, in a matter of local importance like this, where my vote would seem to indicate my opinion on local necessities, in the absence of any sufficient grounds for such opinion, I ought not to vote either for or against the bill. I wish, however, to go on record regarding one phase of county government bills, namely, that while I believe all counties should fix the number and the salaries of their county officials by the adoption of county charters at the earliest practicable moment, I also believe that pending such adoption the reports of grand juries, or other similar information along these lines from disinterested sources, should be our chief guide in the enactment of legislation of this kind.

Upon receiving a petition signed by legal voters of the county aggregating at least twenty-five per cent of the county registration at the last general election, asking said board of supervisors to submit the question of a bond issue to purchase a designated tract for a public park to the voters of said county, the supervisors, upon ascertaining from the clerk's certificate that the requisite number of voters have signed such petition, shall within sixty days call a special election to vote on such bond issue; *provided*, that if a general election is to take place within six months of the time such petition is filed they shall submit the question of issuing bonds at such general election.

"SEC. 3. The general laws governing the issuance of state, county and municipal bonds shall govern all bonds issued under this Act, unless herein specially otherwise provided. It shall be sufficient if said petition is submitted in one or several sections. A general designation of the tract it is proposed to purchase shall be sufficient caption for such petitions without designating the exact specified boundaries, but before finally submitting such question the board of supervisors, acting in conjunction with the district attorney and the county surveyor, shall ascertain and designate the exact territory it is proposed to include in such park, provided said

It shall be sufficient to designate the proposed park site to be voted on, however, by general terms descriptive of the proposed territory to be included.

"SEC. 4. If said bond issue carries it shall be the duty of the district attorney to immediately institute condemnation proceedings to acquire such park site in case satisfactory terms of purchase can not be otherwise arranged, as hereinafter provided and said bond issue or the proceeds thereof, or such part of same as may be necessary, shall be used in payment of the lands so acquired.

"SEC. 5. The government, care and control of said park when acquired shall be in the hands of a board of five trustees who shall be appointed by the Governor of the State, two to serve two years and three a term of four years, and each thereafter when appointed for the terms of four years. Such trustees shall serve without pay other than their necessary mileage and five dollars per day when actually and necessarily engaged in the work of their offices. They shall have power to hire necessary keepers and incur other expenses subject to the approval of the Board of Control. All such bills incurred shall be a charge against the State of California and paid out of the current funds. Said trustees shall be residents of the county in which such park or the major portion is located.

"SEC. 6. Said board of trustees, in conformity with section 4 hereof shall act in conjunction with said district attorney in causing condemnation proceedings to be brought for the acquisition of such park or parks. They may, if they find it for the public interest, arbitrate the question of purchase price, after public hearing allowing all parties the right to be heard.

"SEC. 7. The Governor may appoint said board of trustees for any county when in his judgment it will advance the interests of a movement to acquire a state park in such county. EXPLANATION OF VOTE.

The following explanation of vote was presented, and ordered printed in the Journal:

I voted against Assembly Bill No. 645 because of the action of the Committee on Ways and Means in failing to approve of this appropriation and because I believe it to be an improper precedent to allow a commission that is given a certain sum of money to do business with and then when they have exceeded that amount to approve of their action by donating twenty-five thousand dollars more of the State's money under present conditions, to make up the deficiency.

Upon the receipt by the department of an application for registration of a motor vehicle accompanied by the fee required by section 7 of this Act, the department shall file such application and shall alphabetically, and also numerically, register such motor vehicle or vehicles with the name, residence and business address of the owner, together with the facts stated in such application, in a book or on index cards to be kept for the purpose under a distinctive number assigned to such motor vehicle by the said department, which book or index cards shall be open to inspection by the public during reasonable business hours. A full record of all motor vehicle registration shall be posted daily by the department upon a bulletin board so located as to be easily accessible by the public, and no information relative to any such registration shall be made public by any employee of the department in advance of such posting.

"SEC. 5. Upon the filing of such application and the payment of the fees provided in this Act, the said department shall assign to such motor vehicle a distinctive number. Such distinctive number so assigned shall be the number assigned to such motor vehicle at each succeeding registration thereof, so long as such motor vehicle shall be owned by the owner to whom the original assignment was made, and upon sale or transfer of such motor vehicle, said number may be cancelled or may be reassigned as an original assignment to the same or to another motor vehicle, at the option of said department, subject to provisions hereinafter contained.

"SEC. 6. Such registration shall be renewed annually in the same manner and upon payment of the same fee as provided for original registration, such renewal to take effect on the first day of January of each year. The seals or discs furnished by the said department as provided hereinafter shall be valid for the calendar year only for which they are issued.

"SEC. 7. The following fees shall be paid to the department upon the registration of a vehicle in accordance with the provisions of this act and shall accompany the application hereinabove provided for:

"For the registration of every motorcycle, two dollars, for the registration of every automobile, except electric motor vehicles, the sum of forty-five cents for each horsepower, or major fraction thereof according to the formula specified in section 3 of this Act, for the registration of every motor vehicle equipped with other than pneumatic tires, and used for commercial purposes, weighing under four thousand pounds unladen, five dollars in addition to the fees provided herein for horsepower rating or for electric motor vehicles; for every such vehicle weighing four thousand pounds and over and less than six thousand pounds unladen, ten dollars in addition to the fees provided herein for horsepower rating or for electric motor vehicles; for every such vehicle, weighing six thousand pounds and over and less than ten thousand pounds unladen, fifteen dollars in addition to the fees provided herein for horsepower rating or for electric motor vehicles; for every such vehicle weighing ten thousand pounds and over unladen, twenty dollars in addition to the fees provided herein for horsepower rating or for electric motor vehicles, for the registration of every electric motor vehicle, five dollars, for the registration of motor vehicles owned by or under the control of a manufacturer of or dealer in motor vehicles, if such persons operate upon the public highways not more than five automobiles, twenty-five dollars, and two dollars for every automobile in excess of five so operated, including the necessary number plates; for the registration of all the motorcycles owned by or under the control of a manufacturer of, or dealer in motorcycles who does not manufacture or deal in automobiles, five dollars, for every chauffeur's license, two dollars, for every additional number plate furnished to replace such plates as have been lost or mutilated, or which are illegible, or which may be required for use on motorcycles owned by or under the control of a manufacturer of or dealer in automobiles, one dollar, for every additional seal or disc furnished to replace such as have been lost or mutilated, or which are illegible fifty cents.

"Anything herein to the contrary notwithstanding, if application for the registration of a motor vehicle is made during the period beginning on the first day of April and ending on the thirtieth day of June in any year, three-fourths of the appropriate annual fee shall be paid; if application is made during the period beginning on the first day of July and ending on the thirtieth day of September, one-half of the annual fee, if application is made during the period beginning on the first day of October and ending on the thirty-first day of December, one-fourth of the annual fee.

"SEC. 8. Upon the transfer of ownership of any motor vehicle its registration shall expire, and the person in whose name such vehicle is registered shall forthwith file with the department a written notice containing the date of such transfer of ownership and the name, post office address, and business address, if any, of the new owner and, upon demand, shall return the registration number plate or plates to the department.

"Any person who has transferred the ownership of any motor vehicle or who has lost possession thereof, if he applies within ten days after such transfer or loss of possession, may have assigned to another motor vehicle the registered number of the motor vehicle so transferred or lost.

"Upon the transfer of any motor vehicle by a manufacturer or dealer, whether by sale, lease or otherwise, such motor vehicle not being registered under the provisions of section 3 hereof, such manufacturer or dealer shall, within three days after such transfer, file with the department, upon a blank to be furnished by the department, a notice containing the date of such transfer and the name, post office address, and business address, if any, of the purchaser, lessee, or other transferee. A person who transfers the ownership or loses possession of a motor vehicle registered in his name, or removes such motor vehicle from the State, shall be entitled to a rebate bearing the same proportion to the fee theretofore paid by him as the remaining undivided quarters of the calendar year bear to that portion of the year for which said fee was paid, provided that any such rebate shall be paid upon a certificate filed by the department with the State Board of Control, setting forth the facts, and that the rebate shall be paid out of the motor vehicle fund. The department shall furnish without further charge, with transportation prepaid, to every person whose motor vehicle is registered as aforesaid, on original registration, one number plate for motorcycles and two number plates for other motor vehicles, the

same to have displayed upon them the register number assigned to such vehicle together with the abbreviation 'Cal' and to have space provided thereon to which may be attached each year the registration seal or disc to be furnished by the department, as hereafter provided. Said department shall furnish with each pair of number plates or with each number plate for motorcycles, and on each renewal of registration transportation prepaid, a registration seal or disc together with screws, or other means of attachment to the number plate, the form and character of which seal or disc shall be uniform for any one calendar year, such seal or disc to be changed as to design or color or both from year to year. Said seal or disc shall indicate the identical number shown on the number plate to which it is to be attached, and also the calendar year for which it is issued, and it shall be valid only for such year. The said number plates, as well as said seal or disc, shall be of substantial character and suitable design, to be determined by the department. If the said department shall determine at any time that for any reason a motor vehicle is unsafe or improperly equipped, or otherwise unfit to be operated, it may refuse to register such vehicle and said department may for a like reason revoke any registration already recorded.

"SEC 9. Every manufacturer of, or dealer in, motor vehicles may make application to the department, by mail or otherwise, upon a blank provided by the department for a general distinguishing number or symbol instead of registering each motor vehicle owned or controlled by him and with such application he shall deposit the proper registration fee as provided in section seven of this Act; and the said department shall grant the application if satisfied of the facts stated in the application, and shall issue to the applicant a certificate of registration containing the name and business address of the applicant and the general distinguishing number or symbol assigned to him, and made in such form and containing such further information as the said department may determine; and every motor vehicle owned or controlled by such manufacturer or dealer shall be regarded as registered under such general distinguishing number or symbol until sold or until let for hire or loaned for a period of more than ten successive days, *provided* that whenever a manufacturer or dealer shall maintain a branch or sub-agency he shall apply for a separate registration for such branch or sub-agency and shall pay therefor the fee provided in section seven of this Act for the registration of motor vehicles owned by or under the control of a manufacturer or dealer. The said department shall furnish, transportation charges prepaid, to every manufacturer of, or dealer in, automobiles applying therefor whose vehicles are registered in accordance with the provisions of this section, five pairs of number plates of suitable design, together with the accompanying seals or discs, the plates to have displayed upon them the register number which is assigned to the motor vehicles of such manufacturer or dealer, with a different symbol on each pair of number plates.

"SEC 10. The provisions of this Act relative to registration and the display of registration numbers, shall not apply to a motor vehicle owned by a resident of another country or state who is only temporarily within the State of California, other than a foreign corporation doing business in California, *provided*, that the registration number plate of such other country or state shall be displayed on such motor vehicle substantially as provided in this Act for motor vehicles registered pursuant to the provisions hereof.

"SEC 11. Except as otherwise herein provided, no person shall operate or drive a motor vehicle on the public highways unless such vehicle shall at all times have displayed, one on the front and the other on the back thereof, the number plates furnished for it as heretofore provided, together with the registration seal or disc, furnished by the department, securely attached to the number plate on the front of said vehicle in the space provided thereon for that purpose, said number plates to be securely fastened to such vehicle so as to prevent the same from swinging, at a minimum distance of sixteen inches from the ground; and no person shall attach to, or display on, such vehicle, any number plate, or registration disc or seal, assigned to it under any motor vehicle law other than this Act, or any registration seal or disc other than that assigned for the current year, or a fictitious number plate, or registration seal or disc, *provided, however*, that but one number plate with the registration registration seal or disc shall be required upon motorcycles and that such number plate upon motorcycles shall be attached to the rear thereof. All letters, numbers, seals or discs, and other identification marks shall be kept clear and distinct, and free from grease, dust or other blurring matter, so that they shall be plainly visible at all times during daylight and under artificial light in the night time.

"The registration fee required under this Act to be paid upon a motor vehicle shall become delinquent in the case of any such vehicle forthwith upon the operation of the vehicle on the public highways without the registration fee required by this Act first having been paid to the department, accompanied by the application for registration provided herein. It is hereby provided, in addition to any and all other penalties provided by this Act, that if, at the expiration of thirty days after any registration fee becomes delinquent, such fee has not been paid and registration applied for, a penalty shall be added to the amount of such fee in an amount equal to twenty-five per cent of the fee required by section 7 of this Act, and that such fee, together with the amount of said penalty, shall be a lien upon the motor vehicle in regard to which said registration fee is delinquent, and the department shall have

power and it is hereby made its duty to collect the said registration fee, together with the penalty, by seizure of such motor vehicle from the person in possession thereof, if any, and by sale of such motor vehicle. The seizure and sale herein authorized shall be conducted and carried out by the department in the same manner as is provided by law for the seizure and sale of personal property by the county tax collector for the collection of taxes due on said personal property.

"SEC. 12. Every motor vehicle shall be equipped with a bell, gong, horn, whistle, or other device in good working order, capable of emitting an abrupt sound adequate in quality and volume to give warning of the approach of such vehicle to pedestrians and to the riders or drivers of animals or of other vehicles and to persons entering or leaving street, interurban and railroad cars. Every person operating a motor vehicle shall sound said bell, gong, horn, whistle or other device whenever necessary as a warning of danger, but not at other times, or for any other purpose.

"SEC. 13. (a) Every motor vehicle other than a motorcycle, while on the public highway, whether in operation or otherwise, during the period from a half hour after sunset to a half hour before sunrise, and at all times when fog or other atmospheric conditions render the operation of vehicles dangerous to the traffic on and use of the highway, shall carry at the front at least two lighted lamps showing white lights visible under normal atmospheric conditions at least five hundred feet in the direction toward which said motor vehicle is faced, and shall also carry at the rear a lighted lamp exhibiting one red light plainly visible for a distance of five hundred feet toward the rear and so constructed and placed that the number plate carried on the rear of such motor vehicle shall be illuminated by a white light in such manner that the number thereon can be plainly distinguished under normal atmospheric conditions at a distance of not less than fifty feet toward the rear. At the times and under the conditions in this section hereinbefore specified, all other vehicles, except motorcycles and bicycles and such vehicles as may be propelled by a pedestrian, shall carry at the left side thereof a lighted lamp visible front and rear, and from the left, for a distance of not less than two hundred feet.

"(b) At the times and under the conditions hereinbefore specified in this section, every motorcycle or bicycle while on the public highway, whether in operation or otherwise, shall carry one lighted lamp, showing a white light visible under normal atmospheric conditions at least two hundred feet in the direction toward which such motorcycle or bicycle is faced, and shall also carry at the rear of such motorcycle or bicycle, one red light, or one red reflex mirror plainly visible from the rear.

"(c) Anything hereinbefore to the contrary notwithstanding, it is hereby provided that the front light or lights of every motor vehicle shall be permanently dimmed so as to prevent any glare therefrom which might interfere with the convenience or safety of the use of the highway, or shall be so directed that the center rays thereof shall strike the ground at a distance not to exceed seventy-five feet from the front of such vehicle; *provided*, that nothing in this subdivision shall be construed to render inoperative the provisions of subdivisions a and b of this section relative to the plain visibility of such light or lights in the direction in which such vehicle may be faced.

"SEC. 14. All motor vehicles must be provided at all times with adequate brakes kept in good working order.

"SEC. 15. Other than on vehicles actually engaged at the time in construction or repair work on roads, no tire on any motor vehicle or on any other vehicle shall have on its periphery any block, stud, cleat, ridge, head or any other protuberance of metal which projects more than one-fourth of an inch beyond the tread or traction surface of the tire; but this section shall not be so construed as to prohibit the use of tire chains of reasonable proportions on motor vehicles when required for safety because of snow, ice, or other conditions tending to cause such vehicles to slide or skid, nor so as to prevent the use of traction engines with cleats on the driving wheels thereof on dirt or unimproved roads.

"SEC. 16. Every motor vehicle must have devices in good working order which shall be at all times in constant operation to prevent excessive or unusual noise, annoying smoke and the escape of gas, steam or oil, as well as the falling out of residue from fuel, and all exhaust pipes carrying exhaust gases from the engine shall be directed parallel to the ground or slightly upward. Devices known as "muffler cut-outs" shall not be used within the limits of any incorporated city and county or city or town or on any public highway where the territory contiguous thereto is closely built up.

"SEC. 17. No intoxicated person shall operate or drive a motor or other vehicle upon any public highway within this State.

"SEC. 18. No person shall operate a motor vehicle without the consent of the owner thereof.

"SEC. 19. No person shall employ for hire as a chauffeur of a motor vehicle any person not licensed as in this Act provided. No person shall allow a motor vehicle owned by him or under his control to be operated by any person who has no legal right to do so, or in violation of the provisions of this Act. No person having control or charge of a motor vehicle shall allow such vehicle to stand in any public street or public highway unattended without first effectively setting the brakes thereon and stopping the motor of said vehicle.

"SEC. 20. (a) The driver or operator of any vehicle in or upon any public highway shall drive or operate such vehicle in a careful manner with due regard for the

safety and convenience of pedestrians and of all other vehicles or traffic upon such highway, and wherever practicable shall travel on the right hand side of such highway. Two vehicles which are passing each other in opposite directions shall have the right of way, and no other vehicle to the rear of either of such two vehicles shall pass or attempt to pass such two vehicles. On all occasions the driver or operator of any vehicle in or upon any public highway shall travel upon the right half of such highway unless the road ahead on the left-hand side is clear and unobstructed for at least one hundred yards ahead and in all cases while crossing an intersecting highway. For the purposes of this section and its subdivisions, the term "vehicle" shall also include every draft or riding animal, whether ridden or led, excepting that an animal or animals attached to any conveyance shall, with such conveyance, constitute one vehicle.

"(b) Vehicles proceeding in opposite directions shall pass each other to the right, each giving to the other one-half the road as nearly as possible.

"(c) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left thereof and shall not again drive to the right until reasonably clear of such overtaken vehicle.

"(d) It shall be the duty of the driver, rider or operator of a vehicle about to be overtaken and passed to give way to the right in favor of the overtaking vehicle, on suitable and audible signal being given by or on behalf of the operator, driver or other person in charge and control of such overtaking vehicle if such overtaking vehicle be a motor vehicle.

"(e) Excepting where controlled by such traffic ordinances or regulations enacted by local authorities as are permitted under this Act the operator of a vehicle approaching an intersection of the public highway shall yield the right of way to a vehicle approaching such intersection from the right of such first-named vehicle.

"(f) It shall be the duty of the person operating or in charge of an overtaking vehicle to sound audible and suitable signal before passing a vehicle proceeding in the same direction.

"(g) All vehicles approaching an intersection of a public highway, with the intention of turning thereat shall in turning to the right keep to the right of the center of such intersection, and in turning to the left shall run beyond the center of such intersection, passing to the right thereof, before turning such vehicle toward the left.

It shall be the duty of the operator to return such license certificate and of a chauffeur to return also his badge in compliance with a demand so made. The department shall not again issue any such license to such person until the expiration of six months from the date of the last conviction of such person as hereinabove provided for, and it shall be unlawful, whether said convictions were had in connection with the operation of a motor vehicle or of any other vehicle, for such person so convicted to operate or drive any vehicle upon the public highway anywhere within this State, during a period of six months after the date of the last conviction hereinabove provided for.

This badge shall thereafter be worn by such chauffeur, affixed to his clothing in a conspicuous place, at all times when he is operating or driving a motor vehicle upon the public highway but shall be valid only for a period of one year from date of issuance. In case of the loss of such badge, a duplicate will be issued by the said department on the filing of an affidavit showing the fact of loss and on payment of a fee of one dollar to the department. An application for the annual renewal of a chauffeur's license shall be accompanied by the fee required by this Act.

"(b) It shall be unlawful for any person to cause or knowingly to permit his or her child or ward to violate any of the foregoing provisions of this section.

months in any calendar year; *provided further*, that a non-resident owner of a motor vehicle, not later than ten days after commencing to operate such motor vehicle, or to permit the same to be operated, upon the public highways of this State, shall apply to the department for registration of such motor vehicle said application to be made upon a blank form to be prepared and furnished by the department and to state in addition to such other matters as may be required by the department, the name and post office and residence address of the applicant, together with registration number, if any, of said motor vehicle in the country or state in which said applicant resides. Upon receipt of such application last above described the department shall furnish to the applicant, without charge, a registration device of a distinctive form to be determined by the department, indicating that the holder thereof has complied with the requirements of this Act and containing such other matter as may be deemed suitable by the department, which device shall be valid not to exceed three months from the date of its issuance, at the end of which period it shall be returned, transportation prepaid, to the department. The department shall file, alphabetically, such applications for registration by non-resident owners of motor vehicles and the files shall be open to inspection by the public during reasonable business hours.

"(b) Any person who shall, without consent of the owner or person in charge of a motor vehicle, climb upon or into such vehicle, whether the same be in motion or at rest; or who, while such vehicle is at rest and unattended, shall attempt to manipulate any of the levers, the starting crank, or other device, brakes, or mechanism thereof, or to set said vehicle in motion shall be guilty of a misdemeanor.

"Sec. 31. No chauffeur or other person having the care of a motor vehicle for the owner shall receive or take directly or indirectly, without the written consent of such owner, any bonus, discount or other consideration for supplies or parts furnished or purchased for such motor vehicle, or on any work or labor done thereon by others, or on the purchase of any motor vehicle for his employer, and no person furnishing such supplies or parts, work or labor, or selling any motor vehicle shall give or offer any such chauffeur or other person having the care of a motor vehicle for the owner thereof directly or indirectly without such owner's written consent, any bonus, discount, or other consideration thereon. Any person violating this section shall be guilty of a misdemeanor.

"Sec. 32. Excepting as in this Act otherwise expressly provided, any person violating any of its provisions shall be deemed guilty of a misdemeanor, and upon conviction thereof unless in this Act otherwise expressly provided, shall be punishable by a fine not exceeding one hundred dollars, or by imprisonment for not exceeding thirty days or both, for the first offense, and shall be punishable by fine of not less than fifty dollars nor more than one hundred dollars, or by imprisonment for not exceeding thirty days or both for a second offense; and shall be punishable by a fine of not less than one hundred dollars nor more than two hundred and fifty dollars, or by imprisonment for not exceeding thirty days, or both, for a third or subsequent offense.

"Sec. 33. "(b) The owner of any motor vehicle driving the same or causing or allowing the same to be driven or operated on any public highway, in violation of any of the provisions of section 11 of this Act shall be guilty of a misdemeanor and on conviction thereof shall be punishable in the manner and to the extent provided in section 32 of this Act, *provided, however*, that this subdivision shall not affect the liability to punishment of the person other than the owner, driving or operating such motor vehicle.

"(c) Any person other than the owner, who when driving or operating a motor vehicle on any public highway, knowingly violates any of the provisions of section 11 of this Act shall be guilty of a misdemeanor and on conviction thereof shall be punishable in the manner and to the extent provided in section 32 of this Act; but this subdivision shall not affect the liability to punishment of the person or persons owning such vehicle.

"(d) Any person violating any of the provisions of section 26 of this Act shall be guilty of a misdemeanor, and on conviction thereof shall be punishable in the manner and to the extent provided in section 32 of this Act; *provided, however*, that the fine for the first offense, in case a fine be imposed shall be not less than fifty (\$50) dollars, and the term of imprisonment, if a sentence of imprisonment be imposed, shall be not less than ten days.

"Sec 34 There is hereby created in the State treasury a fund which shall be known as the 'Motor Vehicle Fund.' All money remaining at the time of the taking effect of this Act in the Motor Vehicle Fund created by the Motor Vehicle Act approved May 31, 1913, shall then be transferred to the Motor Vehicle Fund hereby created. All moneys received by the department under any of the provisions of this Act must be paid into the State treasury within twenty-four hours after the receipt thereof and shall be deposited to the credit of the Motor Vehicle Fund; *provided*, that if at any time such payment can not be made because of the intervention of a Sunday or a holiday, then such money shall be paid into the State treasury before twelve o'clock noon of the first business day following such Sunday or holiday. One-half of the net receipts under this Act shall be paid from the Motor Vehicle Fund to the counties from which the moneys were received, as determined by the places of residence of the persons to whom the licenses are issued and all such amounts returned shall be paid into the road funds of the several counties receiving the same, and shall be expended by such counties exclusively in the construction and maintenance of roads, bridges and culverts. In the event that any county has not established a road fund, its proportion of the receipts shall be retained by the State until provision for such road fund has been made, and it shall then be paid over. In the months of January and July of each year the department shall make to the Controller a report setting forth the gross and net receipts for the preceding six months, and thereafter the Controller shall draw his warrant upon the Motor Vehicle Fund in favor of the county treasurer of each county for the amount to which such county is entitled; *provided, nevertheless*, that the Controller shall not draw such warrant in favor of any county which theretofore shall not have established a road fund. Of the moneys in said Motor Vehicle Fund, when such action has been authorized by the Board of Control, the department may draw without at the time furnishing vouchers and itemized statements a sum not to exceed five thousand dollars, said sum so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year, or at any other time, upon demand of the Board of Control, the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the Board of Control and by the Controller. All moneys remaining in the Motor Vehicle Fund after the expenditures hereinbefore authorized in addition to all sums that have been heretofore or that may be appropriated hereafter by the Legislature for the same purpose, shall be expended under the direction of the State Department of Engineering for the maintenance and improvement of the State roads and highways under the jurisdiction of said State Department of Engineering and for the maintenance and improvement of roads and highways in state parks subject to the approval of the official or officials charged by law of the management and control of such parks; such moneys to be so drawn from said Motor Vehicle Fund for the purpose of such maintenance and improvement upon warrants executed by the State Controller at the demand made by the State Department of Engineering, and allowed and audited by the Board of Control. So much of the Motor Vehicle Fund as may be necessary is hereby appropriated to be expended by the department in carrying out the provisions of this Act *provided, however*, that there shall not be expended for such purposes in any one year more than one hundred fifty thousand dollars.

"Sec 35 All fines collected in case of a conviction for violation of any of the provisions of this Act following arrests by any municipal officer and all forfeitures following such arrest shall belong to the municipalities of the county in which the city employing such municipal officer is situated. When collected such fines and forfeitures shall be paid into the county treasury and thereafter by the supervisors of such county at quarterly intervals be apportioned to such municipalities according to population ascertained in the manner provided by law. No city operating under a freeholders' charter enforcing or seeking to enforce ordinances covering the same, or any of the grounds covered by this Act shall be entitled to share in said fines and forfeitures it being the intention and purpose hereof that said fines and forfeitures be equitably apportioned among those municipalities in the county which enforce this Act. Money received by municipalities under this section shall be expended solely in the construction, improvement and maintenance of streets, bridges and culverts within the city limits along routes directly connecting interurban public highways entering such city. Any and all other fines or forfeitures collected by or in any court for violation of any of the provisions of this Act, whether by a justice of the peace, police court, city recorder's court, city justice of the peace or otherwise, shall be paid to the treasurer of the county in which the court is held. Said moneys shall be used by the several counties in the construction and maintenance of roads, bridges, and culverts and for no other purpose.

"Sec 36 A full record shall be kept by every justice of the peace or police judge or court in this State of every case in which a person is charged with a violation of any provision of this Act, and an abstract of such record shall be sent forth-

with by the justice of the peace, or police judge or court to the clerk of the county in which the justice of the peace, police judge, or other magistrate holds his court, whereupon said clerk shall forward said abstract to the department. Said abstracts shall be made upon forms prepared by the department and shall include all necessary information as to the parties to the case, the nature of the offense, the date of hearing, the plea, the judgment, the amount of the fine or forfeiture as the case may be, and every such abstract shall be certified by the justice of the peace, police judge or clerk of such police court as a true abstract of the record of the court. The said department shall keep such records in its office, and they shall be open to the inspection of any person during reasonable business hours.

"SEC 37. There is hereby created a department to be known as the Motor Vehicle Department of California. The chief officer shall be known as the superintendent who shall be a civil executive officer and shall be appointed by the Governor and shall hold office at the pleasure of the Governor. He shall receive an annual salary of three thousand dollars to be paid monthly upon a warrant of the Controller. He shall have the power to appoint one chief clerk who shall be a civil executive officer at an annual salary of twenty-one hundred dollars, one cashier at an annual salary of twenty-one hundred dollars, and with the approval of the Board of Control such additional employees as the proper and economical conduct of the business of the department may demand, and to fix and prescribe their compensation and term of employment. The cashier shall execute to the people of the State a bond in the penal sum of five thousand dollars. The salaries herein provided for shall be payable monthly, and the expenditures authorized by this Act shall be made upon the certificate of the head of the department, allowed and audited by the Board of Control, and the warrant of the State Controller. The records and such material, supplies and equipment as have been purchased incident to the registration of motor vehicles and licensing the operators thereof under the provisions of the motor vehicle Act approved May 31, 1913, are hereby transferred to the department.

"SEC 39. The provisions of this Act, so far as they are the same as those of existing statutes, shall be construed as a continuation thereof, and not as new enactments; and a reference in a statute which has not been repealed to provisions of law which have been revised and re-enacted herein shall be construed as applying to such provisions as so incorporated in this Act. The repeal of a law by this Act shall not affect any act done, ratified or confirmed, or any right accrued or established, or any action, suit or proceeding begun under any of the laws repealed before the repeal took effect, but the proceedings in such case shall, when necessary, conform to the provisions of this Act.

"SEC 40. If any section, subsection, sentence, clause or phrase of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that it would have passed this Act and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

"SEC 41. By Mr. Avey:

Hon. W. A. Avey, Chairman Committee on Public Utilities, Assembly Chamber, Sacramento, California.

DEAR SIR: We desire to acknowledge receipt of letter dated the 14th inst., signed by yourself and other members of the Committee on Public Utilities of the Assembly and approved by Mr Grant Conard, author of the bill, asking this Commission's consideration and advice as to what action your committee should take with reference to Assembly Bill No 1530.

This is a bill to provide for the grant of franchises by local authorities to persons, firms or corporations operating motor vehicles or automobiles carrying passengers for hire upon the public streets or highways of any county, city and county, city or town in this State. We assume the bill has for its object the grant of power to the local authorities to regulate and supervise, through the franchise power, the operation of the so-called "jitney buses."

We are of the opinion that the local authorities ought to have the power, in the interest of the general public, to control the jitney bus business and know of no better way to accomplish this result than by giving to the local authorities the power to grant franchises with such conditions as may seem proper, without which franchises jitney buses can not operate.

We assume that if any objections exist as to the details of this bill, as distinguished from its general purpose, such objections will be drawn to the attention of your committee by the jitney bus proprietors, if a public hearing is held. Without passing upon the details of the bill, we desire to express to you our view that the general purpose of the bill is commendable and that the local authorities ought to have the general powers which the bill undertakes to confer.

Respectfully,

RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

MAX THELEN,
H. I. LOVFLAND,
ALEX GORDON,
EDWIN O. EDGERSON,
FRANK R. DEVLIN,
Commissioners.

ASSEMBLY CONSTITUTIONAL AMENDMENT NUMBER THIRTY-FOUR.

A resolution to propose to the people of the State of California an amendment to section 7½ of article XI of the Constitution of the State of California, relating to charters of counties and amendments to such charters and to the surrender thereof.

The Legislature of the State of California at its forty-first regular session commencing on the fourth day of January, 1915, two-thirds of all the members elected to each of the two houses of said Legislature voting therefor, hereby proposes to the people of the State of California that section 7½ of article XI of the Constitution of the State be amended so as to read as follows:

Sec. 7½. Any county may frame a charter for its own government consistent with and subject to the Constitution (or, having framed such a charter, may frame a new one), and relating to matters authorized by provisions of this article of the Constitution, by causing a board of fifteen freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of said county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified electors of said county as hereinafter provided. Such petition, signed by fifteen per centum of the qualified electors of said county, computed upon the total number of votes cast thereon for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk within twenty days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors, provided that if a general election shall occur in said county not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general

elections. It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy for the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in a weekly newspaper, of general circulation, printed, published and circulated in such county; *and provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. The board of supervisors shall cause copies of such charter to be printed in convenient pamphlet form, and shall, until the date fixed for the election upon such charter, advertise in one or more newspapers of general circulation, published in said county, a notice that such copies may be had upon application therefor. If there is no newspaper published within the county, then such notice shall be posted by the county clerk in three public places in said county and on or near the entrance to at least one public schoolhouse in each school district within the county. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate, and filed, one in the office of the Secretary of State and the other after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed amendments shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed amendments shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. The board of supervisors shall cause copies of such proposed amendments to be printed in convenient pamphlet form, and shall until the date fixed for the election upon such proposed amendments, advertise in one or more newspapers of general circulation published in said county, a notice that such copies may be had upon application therefor. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legis-

lature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for Governor at the last general election, at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk as hereinbefore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as hereinbefore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereon, shall be called by the board of supervisors by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county; *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in said county and in or near the entrance to at least one public schoolhouse in each school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this Constitution, and the same shall provide, for the following matters:

1. For boards of supervisors and for the constitution, regulation and government thereof for the times at which and the terms for which the members of said board shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that in any event said board shall consist of one member for each district, who must be a qualified elector thereof; and

2. For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, surveyors, district attorneys, auditors, assessors and superintendents of schools and other county officers to fill county offices which have been or shall hereafter be created by this Constitution or by general law for the election or appointment of said officers, or any of them, for the times at which and the terms for which, said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and, if appointed, for their qualifications, and for the manner of their appointment; and

3. For the number of justices of the peace and constables for each township, or for the number of such judges and other officers of such inferior courts as may be provided by the Constitution or general law, or for the fixing of the number of such justices of the peace, and constables, or judges and other officers, of such inferior courts, by boards of supervisors for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for their qualifications and the manner of their appointment; and

4. For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; *provided*, that the provisions of such charters relating to the powers and duties of boards of supervisors and all other county officers shall be subject to and controlled by general laws, *provided, however*, that the powers and duties of the district attorney in

civil matters, the powers and duties of the county clerk in matters of elections and the registration of voters, and the powers and duties of members of the board of supervisors as ex officio read commissioners, may be respectively segregated and assigned to new offices created for that purpose; *provided, further, however,* that such charter may provide that boards of supervisors may delegate to an executive committee or executive board, composed of members selected from its own body, certain of their administrative powers and duties, including the filling of appointments, and

4. For the assumption and discharge by county officers of certain of the municipal functions of the cities and towns within the county, whenever, in the case of cities and towns incorporated under general laws, the discharge by county officers of such municipal functions is authorized by general law, or whenever, in the case of cities and towns organized under section 8 of this article, the discharge by county officers of such municipal functions is authorized by provisions of the charters, or by amendments thereto, of such cities or towns.

5. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attaches and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such charter or boards of the powers, duties, qualifications and compensation of such persons, the times at which and terms for which they shall be appointed, and the manner of their appointment and removal; and

6. For the compensation of such fish and game wardens, probation and other officers as may be provided by general law, or for the fixing of such compensation by boards of supervisors.

All elective officers of counties, and of townships, of road districts and of highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers.

All charters framed under the authority given by this section, in addition to the matters hereinabove specified, may provide as follows:

For boards and offices other than those required by the Constitution and laws of the State, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for their qualifications, and if appointed, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For offices hereafter created by this Constitution or by general law, for the election or appointment of persons to fill such offices, for their qualifications, and if appointed, for the manner of such appointment, for the times at which and terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the formation, in such counties, of road districts for the care, maintenance, repair, inspection and supervision only of roads, highways and bridges; and for the formation, in such counties, of highway construction divisions for the construction only of roads, highways and bridges, for the inclusion in any such district or division, of the whole or any part of any incorporated city or town, upon ordinance passed by such incorporated city or town authorizing the same, and upon the assent to such inclusion by a majority of the qualified electors of such incorporated city or town, or portion thereof, proposed to be so included, at an election held for that purpose; for the organization, government, powers and jurisdiction of such districts and divisions, and for raising revenue therein, for such purposes, by taxation, upon the assent of a majority of the qualified electors of such districts or divisions, voting at an election to be held for that purpose; for the incurring of indebtedness therefor by such counties, districts or divisions for such purposes respectively, by the issuance and sale, by the counties, of bonds of such counties, districts or divisions, and the expenditure of the proceeds of the sale of such bonds, and for levying and collecting taxes against the property of the counties, districts or divisions, as the case may be, for the payment of the principal and interest of such indebtedness at maturity; *provided,* that any such indebtedness shall not be incurred without the assent of two-thirds of the qualified electors of the county, district or division, as the case may be, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also for a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same, and the procedure for voting, issuing and selling such bonds shall, except in so far as the same shall be prescribed in such charters, conform to general laws for the authorizing and incurring by counties of bonded indebtedness, so far as applicable, *provided, further,* that provisions in such charters for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the State is granted, shall be subject to such regulations and conditions as may be imposed by the Legislature.

Whenever any county has framed and adopted a charter, and the same shall have been approved by the Legislature, as herein provided, the general laws adopted by the Legislature in pursuance of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to

make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided, and except that any such charter shall not affect the tenure of office of the elective officers of the county, or of any district, township or division thereof, already in office or elected at the time such charter is adopted by vote of the electors of such county as herein provided, and such officers shall continue to hold their respective offices until the expiration of the term for which they shall have been elected, unless sooner removed in the manner provided by law, but such charter may provide for the termination of the tenure of office of all officers elected after the adoption of such charter by the electors of such county and prior to the approval of such charter by the Legislature.

The charter of any county, adopted under the authority of this section, may be surrendered and annulled with the assent of two-thirds of the qualified electors of such county, voting at a special election, held for that purpose, and to be ordered and called by the board of supervisors of the county upon receiving a written petition, signed and certified as hereinabove provided for the purposes of the adoption of charters, requesting said board to submit the question of the surrender and annulment of such charter to the qualified electors of such county, and, in the event of the surrender and annulment of any such charter, such county shall thereafter be governed under general laws in force for the government of counties. All provisions of any charter of any county heretofore adopted and amendments thereto, which are in accordance herewith, and all acts done in accordance with such charter provisions, are hereby confirmed and declared valid.

The provisions of this section shall not be applicable to any county that is consolidated with any city.

EXPLANATION OF VOTE.

The following explanation of vote was presented, and ordered printed in the Journal:

MR. SPEAKER: I desire to state that I voted for Assembly Bill No. 1405 for the following reasons:

1. To encourage the breeding and raising of horses both thoroughbred and trotting in California.

2. To encourage properly conducted horse racing without the gambling evils.

3. To prohibit bookmaking, handbooks, pool-rooms and gambling of all kinds on horse races.

4. To take the control of running races from the Pacific Coast Jockey Club or any one man or club's hands and put it under a commission to be appointed by the Governor, a commission to serve without pay who shall have full charge of all races in California.

5. To make horse racing clean and respectable and honest by eliminating all gambling and drinking and other objectionable features.

6. To place running races on the same basis as trotting races.

Trotting races are given under the National Trotting Association while the running races must be given under the Pacific Coast Jockey Club of which Mr. Thos. H. Williams is president.

7. To make horse racing for the improvement of the breeding of horses and not as a means of gambling.

8 Horse racing is absolutely necessary for the improvement of all kinds of riding and driving horses, for by no other means can the best sires and dams be selected which is full recognized by the countries now at war in Europe by keeping up the racing of horses during the war

EXPLANATION OF VOTE.

The following explanation of vote was presented and ordered printed in the Journal:

MR. SPEAKER: The undersigned members of the Assembly request that the following be printed in the Journal in explanation of their votes in opposing the introduc-

tion of the bill directing the Governor to call a special election in November, 1915, for the purpose of considering measures against which the referendum has been invoked.

The Constitution fully empowers the Governor, in his discretion, to call a special election for the submitting of measures upon which a referendum has been invoked, there is no urgent necessity for a special election. The referendum, if invoked, in due course of events will come before the people in the general election in 1916. At that election, if these non-partisan measures are submitted to the referendum, the present law will govern, but inasmuch as only members of the Legislature will be chosen at that election, it seems unnecessary to incur the enormous expense of a special election this year, the cost of which is estimated to exceed half a million dollars.

The people of the State are averse to the turmoil and consequent injury to business certain to be caused by a special election.

The request that the Legislature direct the Executive to call a special election is not made in good faith, but merely for the purpose of compelling the Legislature to assume the responsibility of unnecessarily burdening the people of the State with a large expenditure of state and county funds merely for political purposes.

For these reasons we strongly oppose the holding of a special election for the purposes indicated, and do therefore vote against the introduction of the bill.

"SECTION 1. All streets, avenues, lanes, alleys, courts, places and pathways within the municipalities of this State, now open or dedicated, or which may hereafter be opened or dedicated to public use, shall be deemed and held to be open public streets, avenues, lanes, alleys, courts, places and pathways for the purposes of this Act, and the city council of each municipality of this State is hereby empowered to cause trees, shrubs, plants or grass to be planted, protected, maintained for a period of not exceeding five years, removed or changed, or to maintain existing trees, shrubs, plants and grass along and in said streets, avenues, lanes, alleys, courts,

places and pathways, and is hereby invested with jurisdiction to order to be done thereon and therein any of the work mentioned in section 2 of this Act in the manner and under the proceedings hereinafter described.

"SEC. 2. Whenever the public interest or convenience may require, the city council of any municipality of this State is hereby authorized and empowered to order trees, shrubs, plants or grass to be planted, protected or maintained for a period of not exceeding five years, or removed or changed along and in the whole or any part of any such public street, avenue, lane, alley, court, place or pathway in such municipality; also, to order suitable guards, coverings or gratings for the protection of said trees or shrubs, and to order any other work to be done which shall be necessary to plant, protect, maintain, remove or change, trees, shrubs, plants or grass along and in the whole or any part of any such public street, avenue, lane, alley, court, place or pathway, in such municipality.

"SEC. 3. Before ordering any improvement to be made which is authorized by section 2 of this Act, the city council shall adopt a resolution of intention so to do, briefly describing the proposed improvement, which may include the whole or any part of one or more such streets, avenues, lanes, alleys, courts, places or pathways, in any such municipality. Said proposed improvement may include any or all of the different kinds of work mentioned in section 2 of this Act; *provided, however*, that the care of said trees, shrubs, plants or grass, shall be for a period stated in the resolution of intention, which shall not exceed five years; *and provided, further*, that it shall not be necessary to specify or describe in said resolution of intention the kind of trees, shrubs, plants or grass to be planted or removed or changed, their size or age or the method or manner of planting or removing or changing the same. The city council shall also, in the same resolution, refer the proposed improvement to the city engineer or other officer, board or commission designated by the said council, and direct said person, board or commission, to make and file with the clerk of the city council a report in writing presenting the following:

"1. Plans and specifications for the work to be performed and the general method and manner of making the improvement.

"2. An estimate of the cost of said improvement including the incidental expenses in connection therewith, and the annual cost of the maintenance thereof for a period not exceeding five years.

"3. Each lot, piece or subdivision shall be separately assessed in proportion to the estimated benefits to be received by it. Said assessment shall refer to said lots, pieces or subdivisions of land upon said diagram by the respective red ink numbers thereof, and shall show the names of the owners, if known, otherwise designating them as unknown. No mistake in the name of the owner of any lot, piece or subdivision of land shall affect the validity of the assessment thereon.

"SEC. 4. In any municipality having a board, commission or officer in charge of tree planting, created by its charter, or by law or ordinance, the proposed improvement shall be referred to said board, commission or officer, and the report provided for in section 3 of this Act shall be made and filed by said board, commission or officer.

"SEC. 5. Upon the filing of the report provided for in section 3 of this Act, the clerk of the city council shall present the same to the city council for consideration, and said council may modify the same in any respect, and, in case of any such modification, the report as modified shall stand as the report for the purpose of all subsequent proceedings. Thereafter, the council, by resolution, shall appoint a time and place for hearing protests in relation to the proposed improvement, which time shall not be less than twenty days from the date of the passage of said resolution, and shall direct the clerk of the city council to give notice of said hearing, and shall designate the newspaper in which such notice shall be published.

"SEC. 6. After the passage of the resolution mentioned in section 5 of this Act, the Superintendent of Streets of said city shall cause to be conspicuously posted along all streets, avenues, lanes, alleys, courts, places and pathways, or parts thereof, included in said resolution of intention, at not more than three hundred feet in distance apart but not less than three in all upon each such street, avenue, lane, alley, court, place and pathway, notices of the passage of said resolution of intention and of the filing of said report. Said notices shall be headed 'Notice of Parkway Improvement,' in letters not less than one inch in length shall be in legible characters, and shall state the fact and date of the passage of said resolution of intention and of the filing of said report, and the day and hour set for the hearing of said protests, and briefly describe the improvement proposed and refer to said resolution and report for further particulars. Said notices must be posted and published, as above provided, at least ten days before the date set for the hearing of said protests. In case there is no daily or weekly newspaper published and circulated in said city, then said notice shall be posted in three of the most public places in such city at least ten days before the dates set for the hearing of said protest.

"Sec 7. Any person, interested, objecting to said improvement, or to the proposed assessment provided for in section 3 hereof, may file a written protest with the clerk of the city council at or before the time set for the hearing referred to in section 5 hereof. The clerk shall indorse on every such protest the date of its reception by him, and at the time appointed for said hearing shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said resolution of intention shall be barred and no new resolution of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall in the meantime petition therefor. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, the council shall hear said protests at the time appointed therefor, as above provided, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive, and if such protests are sustained the proceedings shall be abandoned but may be renewed at any time, and if such protests are denied, the proposed assessment shall be confirmed. If such protests are against the proposed assessment the council shall hear said protests at the time appointed therefor as above provided, or at any time to which the hearing thereof may be adjourned, and may confirm or correct said proposed assessment; *provided, however*, that they shall not alter the same so as to provide for the doing of any kind of work not included in said report, or the doing of work upon any street, avenue, lane, alley, court, place or pathway, or portion thereof not included in said report and shall not increase the amount to be raised above the amount specified in said report. When, upon the hearing, said proposed assessment is confirmed or corrected, or in case no protests have been filed and the report provided for in section 3 hereof has been adopted as a whole with any modifications or corrections that have been made therein, the city council shall by resolution declare its action upon said report, order said proposed improvement to be made and levy said assessment upon the lots, parts of lots and subdivisions of land fronting upon the streets, avenues, lanes, alleys, courts, places and pathways, or parts thereof, along and in which said improvement is to be made. Said resolution shall be final and conclusive upon all persons.

"Sec 8. The validity of an assessment levied under this Act shall not be contested in any action or proceeding unless the same is commenced within thirty days after the time said assessment is levied, and any appeal from a final judgment in such action or proceeding must be perfected within thirty days after the entry of such judgment.

"Sec 9. Upon the passage of the resolution provided for in section 7 hereof, the clerk of said city council shall transmit to the tax collector of the municipality, the diagram and assessment provided for in subdivisions 3 and 4 of section 3 hereof, and any modifications or corrections thereof made by the city council. Thereupon the tax collector shall annually enter said assessments upon the assessment roll upon which other taxes of said city are entered and the same shall be annually collected in the same manner as such other taxes are collected. Such entry and collection to be made at the same time and by the same officers as in the case of other city taxes.

"Sec 10. All sums collected on account of such assessment shall be placed in the city treasury to the credit of a special fund, which shall be designated by the name of the proposed improvement. The city council shall cause to be paid or transferred to such special fund from any other available funds in the city treasury as soon as needed, such part of the cost of such proposed work as has theretofore been ordered to be paid out of the city treasury. Said special fund shall be used only for paying the costs and expenses of the work described in the resolution ordering the work to be done, including the cost of all posting and publication herein provided for, and any other incidental expenses of the work. If the amount raised is insufficient to pay the whole of such costs and expenses, the city council may provide for such deficiency by an appropriation out of the general fund of such city, or may take further proceedings to raise the amount of such deficiency by ordering a supplementary assessment to be made upon the same property in the same manner and form and subject to the same procedure as the original assessment, but on such proceedings no report shall be necessary from the person or board making the original report specified in section 3 hereof, except an estimate of the deficiency, and no protest shall be received except as to the amount of money necessary to complete the work. The city council may at any time advance to such special fund out of any available

funds in the city treasury, sums in excess of the amount to be paid by the city towards the cost of such work and may reimburse the city for such advances by repaying the same out of any money that may thereafter come into such special fund.

"SEC. 11. At any time after the funds for the work or any part of the work, shall be in the city treasury, or if the municipality has advanced the money from the general fund as a loan to said special fund, the municipality shall itself without awarding a contract therefor, execute and perform the work embraced in the plans and specifications contained in the report provided for in sections 3 and 4 of this Act, in accordance with said plans and specifications, and employ the labor, and provide the nursery stock material and supplies necessary therefor, or at its option do the work or any portion thereof by contract let in the manner provided by the charter of said municipality or the law under which the said municipality is organized. The work must be done under the supervision, direction and control of the board, commission or officer by whom the report provided for in section 3 of this Act was made, and no work shall be paid for except upon the order and approval of said board, commission or officer.

"SEC. 12. Every assessment levied under this Act shall from the date of the levy thereof be a lien upon the land upon which it is levied in the same manner and to the same effect as other city taxes are a lien upon said land. And such lien shall continue and be enforced in the same manner as other taxes of said city are continued and enforced.

"SEC. 13. The following words and phrases shall, where used in this Act, have the following meanings:

"(1) The terms 'municipality' and 'city' include all corporations heretofore organized and now existing, and those hereafter organized, for municipal purposes.

"(9) Any act required herein to be performed by resolution may be performed by ordinance with the same force and effect.

"SEC. 14. It shall be the duty of any officer who is required by this Act to have any notice published or posted, to obtain and file in his office the affidavit or affidavits in proof thereof: *provided*, that his failure so to do shall not affect the validity of any proceedings under this Act. Any such affidavit so filed shall be prima facie evidence of the facts therein stated regarding such publication or posting.

"SEC. 15. The election of the city council to proceed under the provisions of this Act shall be expressed in its resolution of intention to order the work done.

"SEC 16. The provisions of this Act shall be liberally construed to promote the objects thereof, and no publication or notice other than that provided for in this Act shall be necessary to give validity to any proceedings had thereunder. Constitutional amendment ordered transmitted to the Senate.

SENATE CONSTITUTIONAL AMENDMENT NUMBER THIRTY-EIGHT.

A resolution to propose to the people of the State of California an amendment to the Constitution by amending sections 1 and 9 of article XIII and by repealing sections 10 and 14 of said article, all relating to revenue and taxation.

The Legislature of the State of California, at its forty-first session, commencing on the fourth day of January, nineteen hundred and fifteen, two-thirds of the members elected to both Senate and Assembly, respectively, voting therefor, hereby

proposes to the people of the State of California the following amendments to the Constitution of the State of California.

First Section 1 of article XIII of the Constitution is hereby amended to read as follows:

Section 1. All taxes shall be levied and collected under general laws, and shall be uniform upon the same class of subjects within the territorial limits of the authority levying the tax. The Legislature shall define and classify the subjects of taxation, and prescribe the manner and methods of assessing, levying, equalizing and collecting taxes, for state, county, city and county, municipal and district revenues. In the exercise of this power the Legislature may designate certain classes of subjects as taxable in whole or in part for state revenue, and certain classes as taxable in whole or in part for county, city and county, municipal and district revenue, and may provide that any tax shall be in lieu of any or all other taxes or licenses, or both. The Legislature shall provide for the administration of such laws by a state tax commission, subject to the limitations contained in sections 12 and 13 of article XI of this Constitution.

The following shall not be subjects of taxation: A mortgage, deed of trust, or other obligation by which a debt is secured when land is pledged as security for the payment thereof, together with the moneys represented by such debt, property used for free public libraries or free museums; growing crops, property used exclusively for public schools, property owned by the United States, this State, or any county, city and county, municipal corporation or district in this State; improvements of any character constructed by any county, city and county or municipality, other property specified in this Constitution as exempt from taxation; *provided*, that land and improvements thereon located outside of the county, city and county or municipality owning the same that were subject to taxation at the time of its acquisition by such county, city and county or municipality, shall be a subject of taxation. All lands or improvements thereon, belonging to any county, city and county, or municipal corporation, not exempt from taxation, shall be assessed within the county, city and county, or municipal corporation in which said lands or improvements are located, and said assessment shall be subject to review, equalization and adjustment by the State Tax Commission, after such duties have ceased to be exercised by the State Board of Equalization.

The Legislature may provide, except in the case of credits secured by mortgage or deed of trust, for a deduction from credits due bona fide residents of this State.

The adoption of this section shall not affect nor release any assessment or tax levy heretofore made nor the collection thereof, and all laws relating to the assessment, levy and collection of taxes in force at the time of adoption of this section shall remain in full force until changed by the Legislature.

Second Section 9 of article XIII of said constitution is hereby amended to read as follows:

Section 9. The State Board of Equalization, as constituted at the time this amendment shall take effect, shall continue in existence, and the present members of said board shall continue in office, until the first Monday in January, 1919, at which time said terms of office shall expire and said board cease to exist. All powers and duties conferred upon said board either by law or by this Constitution shall continue until said first Monday in January, 1919, unless sooner changed by the Legislature.

Third Section 10 of article XIII of the Constitution is hereby repealed.

Fourth Section 14 of article XIII of the Constitution is hereby repealed; *provided, however*, that the repeal of this section shall not affect or release any assessment or tax levy heretofore made under authority of said section and all laws heretofore enacted by the Legislature to carry said section into effect and in force at the time of the adoption of this repeal shall remain in full force until changed by the Legislature.

EXPLANATION OF VOTE.

The following explanation of vote was presented and ordered printed in the Journal:

I vote "No" on Senate Constitutional Amendment No. 38, because a bill is pending, supported by the administration, to create a commission to investigate revenue and taxation, and this bill carrying an appropriation of \$75,000 will undoubtedly become a law.

I think it wise statesmanship to wait for the report of this commission before taking any steps to establish a new tax system.

COMPARATIVE STATEMENT OF SESSIONAL EXPENSES DURING NINETEEN HUNDRED FIFTEEN AND FORMER SESSIONS.

SACRAMENTO, CALIFORNIA, May 3, 1915.

To the Honorable Members of the Forty-first Session of the Legislature of the State of California.

GENTLEMEN: Herewith I present for your information report of the legislative supplies furnished the Legislature for the present session, also comparative tables showing cost and amount of supplies as compared to the sessions of 1909, 1911 and 1913. This report covers the present session up to and including April 30, 1915.

Previous to the session of 1911 no itemized bills for purchases made by the Secretaries or Sergeants-at-Arms of either house of the Legislature were filed in the Controller's office, and a search of the archives in the office of the Secretary of State has resulted in finding only the itemized bills of the Sergeant-at-Arms of the Senate for 1909. For total purchases made by the aforesaid officers of the Legislature, but not itemized prior to 1911, a search of the journals, page by page, has had to be made.

Along about 1900 the Sergeant-at-Arms of each house and the Secretary of the Senate acquired the habit of purchasing supplies and stationery for the Legislature that had been previously secured from what was then known as the Janitor's office of the Secretary of State. The high prices paid for such supplies is brought out by reference to the following table, and the prices then were lower than for former sessions. These high prices also prevailed on stock furnished from the Janitor's office.

This system of furnishing supplies was checked somewhat by this department in the 1913 session. I addressed a communication to the Sergeant-at-Arms of each house at the beginning of the session, stating that this department was prepared to furnish all stationery and supplies on requisition, without cost to the Legislature.

The following table gives the prices paid by the Sergeant-at-Arms as compared to the prices paid by this department at that time, the difference in many instances exceeding fifty per cent. Our purchases are made on yearly contract, secured after fullest competition, and it is needless to say that the saving over retail prices is considerable. The supplies are issued by this department only on requisitions signed by the Secretary of the Senate, Chief Clerk of the Assembly, the Sergeants-at-Arms and the Chairmen of the various committees.

13 tin cash boxes.....	35 75	19 50

The above items, taken from bills presented by the Sergeant-at-Arms during the 1913 session, are only cited as comparative prices and do not show the total purchases.

Previous to the 1913 session there had never been any record kept that would show the amount, cost or disposition of supplies used by the Legislature. The establishment of such a system by this department was of great value in making up our stationery schedule at the beginning of the present fiscal year. The items used by the Legislature were included and purchased on the regular contracts.

I am glad to state that during the present session this department has had the fullest co-operation of the officers of the Senate and the Assembly, and the result will be seen in the final totals.

In 1909, the Senate, through its Secretary and Sergeant-at-Arms, expended for stationery and office supplies, exclusive of the cost of codes, statutes, expressage, postage, binders, etc., \$7,645.76. The Assembly for the same session purchased through the Sergeant-at-Arms supplies to the amount of \$5,178.60, making a total of \$12,824.36. The same supplies in 1911 cost \$7,922.63; in 1913, \$4,102.41; and in 1915, \$2,896.12.

In 1909 typewriters were rented at the rate of \$10.00 each per month, in 1911 \$4.00 per month, in 1913 at the rate of \$3.00 per month, and for the present session we are paying \$3.00 per month, with no charge for the month of February, making a net rental of \$9.00 for the four months, or at the rate of \$2.25 each per month.

In 1909 an electrical firm was paid over \$700 by the Legislature for electrical supplies and work that is now furnished by the electrician of this department without charge. In 1911 the electrical supplies cost the Legislature \$301.20. In 1913 the only charge of this nature was \$2.00 for rent of an electric heater for one of the committee rooms, and this session there has been no expense of this kind charged to the Legislature.

The ice and water service this session has been furnished by this department from our central ice storage plant without cost to the Legislature. In 1909 this service cost the sum of \$918.00, in 1911 \$734.95, and in 1913 the sum of \$766.25. In previous sessions this service has been furnished through the Sergeants-at-Arms. Our ice is now purchased at the rate of \$5.50 per ton, as against \$20.00 per ton paid prior to the installation of the central ice storage plant.

In 1909 \$286.35 was paid by the Sergeants-at-Arms for locksmith and key work, in 1911, \$496.75, 1913, \$162.25 (of which approximately half was expended through this department), while this session there has been no charge whatever for this work, the same being performed by our typewriter repairman in connection with his regular duties.

In 1909 there was expended by the Sergeants-at-Arms the sum of \$509.28 for carpenter work such as repairs to windows, desks, etc. In 1911 this cost the Legislature \$672.50. In the past two sessions all work of this kind has been taken care of by the employees of this department without cost to the Legislature.

During the present session on two occasions this department has furnished potted plants and flowers for decorative purposes in the legislative chambers, which in

former years cost several hundreds of dollars on similar occasions. By referring to the report of the Committee on Inaugural Ceremonies, I note that the total expense of the inaugural ceremonies this session was but \$92.00, as compared to \$402.60 in 1911, \$1,305.77 in 1907, \$1,823.90 in 1903, and \$1,208.95 in 1899.

In the following comparative table, I would like to call your attention to the fact that the period covered by the 1909 session was but three months, the same for 1911, over four months for 1913 and four months for the present session.

Two years ago, the statutes were so amended that the bill filing rooms of each house, which were formerly, when separately conducted, so productive of confusion and unsatisfactory results, were consolidated into one centralized bill filing room for both houses, under the direct management of the State Printer, and the hiring of porters and watchmen for both houses of the Legislature and their management, which had in past sessions of the Legislature produced such unsatisfactory results, was placed under the direction of the Superintendent of Capitol Building and Grounds.

That such change has been successful in increased efficiency and at less cost than heretofore is no doubt apparent to all the members of the Legislature, particularly those who have served in former sessions.

This department is prepared to receipt for the return upon adjournment of the Legislature of any supplies furnished on requisition to committees or members thereof, thereof.

Respectfully submitted,

GEORGE G. RADCLIFF,

Superintendent Capitol Building and Grounds.

By J. F. MISPLEY, Secretary.

ASSEMBLY JOINT RESOLUTION NUMBER NINETEEN

Relating to the war in Europe, the resulting high cost of living, and memorializing Congress to take steps in the interest of world peace and a reduction in the cost of living.

WHEREAS, The prices of wheat, flour and bread, not to mention other necessities of life, are rapidly rising, owing to the huge and unchecked shipments of food products from our shores to the war-stricken countries of Europe; and

WHEREAS, Even the United States, with the largest wheat crop of any nation in history, standing dominant as "the granary of the world," can not much longer stand the strain of gigantic wheat exports to Europe without itself feeling impoverished, according to a statement made by B. W. Snow, international wheat statistician, and

WHEREAS, The money and food lords of America are using every opportunity possible to profit by the near famine at home and the slaughter in Europe by increasing the cost of food; and

WHEREAS, To curb the war in Europe and to curb the monopolists in this country, also to keep this nation from being drawn into the conflict, two things must be done

1 We must starve the war by cutting off supplies.

2 We must feed our own people by seizing the sources of supplies, and

WHEREAS In order to bring this about, we must stop the shipping of all supplies into the war zone, not a penny for loans, not an ounce of food should leave these shores to prolong this terrible shedding of blood; and

WHEREAS, This is the only honest and complete neutrality. In no other way can we be sure of keeping this nation out of that fearful whirlpool, and

WHEREAS Bread and meat and money are as necessary as men and guns and bullets for the killing of men in war, keeping food and cash here will save lives on both sides of the Atlantic; and

WHEREAS, To carry on the war and to continue the wholesale slaughter, the governments of Europe have seized the stores of food and money, sources of credit, railroads and telegraph, certainly this government is justified in taking similar measures to stop the war and to save lives at home, therefore, be it

Resolved by the Legislature of California, That the President and the Congress of the United States are hereby respectfully and urgently petitioned by this body, in behalf of the people of this State, and of the Nation as a whole, that the government shall at once seize the stores of food supplies, and be it further

Resolved, That we urge the national government to at once seize the stores of food supplies, the sources of credit, the railroads, and all means of transportation and communication and use them to break the grip of trusts and speculators, and be it further

Resolved, That the national government seize the packing plants, the cold storage houses, the grain elevators and flour mills, and all else necessary to supply the food of the Nation and to operate them for the good of all and be it further

Resolved That Congress prohibit the shipping to the war zone of any article that will help to keep the warring armies at their murderous work, and furthermore forbid the lending of money to any government that has plunged its subjects into war

Assembly Bill No. 257—An Act relating to persons engaged in the business of public weighing for hire and prescribing for such a bond and fixing the amount thereof; regulating fees to be collected for such service; a certificate and the form thereof; defining the duties of public weigh masters and providing penalties for violations of the provisions of this Act.

ASSEMBLY JOINT RESOLUTION NUMBER TWENTY-EIGHT

Relative to action by Congress to secure world peace

WHEREAS, The most powerful nations of Europe have been engaged for months in internecine strife, the most deadly the world has ever known; and

WHEREAS, Modern methods of warfare and recent inventions combine to carry the war over a wide area with ever-threatening danger of extending it to neutral nations as well; and

WHEREAS, Our safety as a nation and our deep interest, being related to all the belligerent countries by mutual interests of our commercial and industrial lives, as well as by our deepest ties of human relationship; now, therefore be it

Resolved, That the Legislature of California does hereby memorialize Congress and the President to use every available means that to them may seem wise and just to bring about

First—The establishment of an early peace between the warring countries.

Second—The consideration of uniform rules and regulations for the general limitation of armaments and the nationalization of the manufacture of all equipment and supplies used exclusively for military and naval purposes.

Third—The consideration of rules and regulations for the prohibition of the export of arms, ammunition, artillery, vessels of war, armor plate, torpedoes, or any other thing designed to be used exclusively for military or naval purposes from one country to another.

Fourth—The ultimate establishment of an international tribunal where any nation may be heard on any issue involving rights vital to its peace and the development of its national life, a tribunal whose decrees shall be enforced by the enlightened judgment of the world.

Fifth—The consideration of plans for the federation of the neutral nations in the adoption of rules and regulations which will provide for the neutralization of certain waters and maritime trade routes, and such other and further action as shall secure, if possible, the peaceful maintenance and preservation of the sovereign rights of neutral commerce against dangers to which it is exposed through the extraordinary conditions developed by the world's greatest war.

Sixth—For such other and further action as may tend, however remotely, to establish permanent world peace, and

Seventh—That the President be authorized to appoint commissioners to represent the United States at any such conference whether called by the United States or any other nation;

Resolved further That a copy of this resolution be sent to the President of the United States, and to each member of Congress.

(10) That the grantee will complete the construction and begin the operation of the utility within a time to be set forth in the franchise. The franchise ordinance may contain such other conditions, limitations, stipulations, or agreements not in conflict with the provisions of this charter, as the council may deem expedient.

ORDINANCE IN PLAIN TERMS.
